Joyce in the light of textual linguistics or how to render Joyce more accessible *Modernism and the New Spain* Gayle Rogers, 2012-10-18 Drawing on transnational literary studies periodical studies translation studies and comparative literary history *Modernism and the New Spain* illuminates why Spain has remained a problematic space on the scholarly map of international modernisms *James Joyce's America* Brian Fox, 2019-02-14 James Joyce's America is the first study to address the nature of Joyce's relation to the United States It challenges the prevalent views of Joyce as merely indifferent or hostile towards America and argues that his works show an increasing level of engagement with American history culture and politics that culminates in the abundance of allusions to the US in *Finnegans Wake* the very title of which comes from an Irish American song and signals the importance of America to that work The volume focuses on Joyce's concept of America within the framework of an Irish history that his works obsessively return to It concentrates on Joyce's thematic preoccupation with Ireland and its history and America's relation to Irish post Famine history Within that context it explores first Joyce's relation to Irish America and how post Famine Irish history as Joyce saw it transformed the country from a nation of invasions and settlements to one spreading out across the globe ultimately connecting Joyce's response to this historical phenomenon to the diffusive styles of *Finnegans Wake* It then discusses American popular and literary cultures in terms of how they appear in relation to or as a function of the British Irish colonial context in the post Famine era and concludes with a consideration of how Joyce represented his American reception in the *Wake* **James Joyce in Zurich** Andreas Fischer, 2021-01-11 This book offers a comprehensive account of James Joyce and Zurich one of the four cities including Dublin Trieste and Paris in which he spent significant parts of his life As a refugee during World War I Joyce wrote a substantial part of *Ulysses* in Zurich and subsequently visited the city regularly during the 1930s Finally a refugee for the second time he died there on 13 January 1941 and is buried in Fluntern Cemetery This guide is conceived both as a book that may be read in its entirety or consulted selectively for specific information An introduction and three chapters *Joyce in Zurich* *Zurich in Joyce* and *Zurich after Joyce* are followed by sixty alphabetically ordered articles on people places institutions and events relevant to Joyce during his time in Zurich Linked by cross references and an index they provide a rich kaleidoscopic view of Joyce's Zurich *The New Joyce Studies* Catherine Flynn, 2022-09-08 *The New Joyce Studies* indicates the variety and energy of research on James Joyce since the year 2000 Essays examine Joyce's works and their reception in the light of a larger set of concerns a diverse international terrain of scholarly modes and methodologies an imperilled environment and crises of racial justice to name just a few This is a Joyce studies that dissolves early visions of Joyce as a sui generis genius by reconstructing his indebtedness to specific literary communities It models ways of integrating masses of compositional and publication details with literary and historical events It develops hybrid critical approaches from posthuman medical and queer methodologies It analyzes the nature and consequences of its extension from Ireland to mainland Europe and to Africa and Latin America Examining issues of copyright law translation and the history of literary institutions this volume seeks to

use Joyce's canonical centrality to inform modernist studies more broadly James Joyce's Silences Jolanta Wawrzycka, Serenella Zanotti, 2018-05-31 In this landmark book leading international scholars from North America Europe and the UK offer a sustained critical attention to the concept of silence in Joyce's writing Examining Joyce's major works including *Ulysses* *Portrait of the Artist as a Young Man* and *Finnegans Wake* the critics present intertextual and comparative interpretations of Joyce's deployment of silence as a complex overarching narratological strategy Exploring the many dimensions of what is revealed in the absences that fill his writing and the different roles aesthetic rhetorical textual and linguistic that silence plays in Joyce's texts *James Joyce's Silences* opens up important new avenues of scholarship on the great modernist writer This volume is of particular interests to all academics and students involved in Joyce and Irish studies modernism comparative literature poetics cultural studies and translation studies *James Joyce in Context* John McCourt, 2009-02-12 This collection charts the vital contextual backgrounds to James Joyce's life and writing The essays collectively show how Joyce was rooted in his times how he is both a product and a critic of his multiple contexts and how important he remains to the world of literature criticism and culture **Circular Narratives in Modern European Literature**

Juan Luis Toribio Vazquez, 2022-06-16 Breaking with linearity the ruling narrative model in the Jewish Christian tradition since the ancient world many 20th century European writers adopted circular narrative forms Juan Luis Toribio Vazquez shows this trend was not a unified nor conscious movement but rather a series of works arising sporadically in different countries at different times using a variety of circular structures to express similar concerns and ideas about the world This study also shows how the renewed understanding of narrative form leading to this circular trend was anticipated by Nietzsche's critiques of truth knowledge language and metaphysics and especially by his related discussions of nihilism and the eternal recurrence Starting with an analysis of the theory and genealogy of linear narrative the author charts the emergence of Nietzsche's idea of eternal return before then turning to the history of the circular narrative trend This history is explored from its inception in the works of August Strindberg Gertrude Stein and Azorín through its development in the interwar years by writers such as Raymond Queneau and Vladimir Nabokov to its full flowering in the work of authors James Joyce or Samuel Beckett among others and its later employment by post war writers including Alain Robbe-Grillet Italo Calvino and Maurice Blanchot Through a series of close readings the book aims to highlight the various ways in which narrative circularity serves to break with an essentially teleological and theological thinking Finally Toribio Vazquez concludes by proposing a new typology of non linear narratives which builds on the work of recent narratologists

Finnegans Wakes Patrick O'Neill, 2022-03-01 James Joyce's astonishing final text Finnegans Wake 1939 is universally acknowledged to be entirely untranslatable And yet no fewer than fifteen complete renderings of the 628 page text exist to date in twelve different languages altogether and at least ten further complete renderings have been announced as underway for publication in the early 2020s in nine different languages Finnegans Wakes delineates for the first time in any language the international history of these renderings and discusses the multiple issues faced by translators The book also comments on partial and fragmentary renderings from some thirty languages altogether including such perhaps unexpected languages as Galician Guarani Chinese Korean Turkish and Irish not to mention Latin and Ancient Egyptian Excerpts from individual renderings are analysed in detail together with brief biographical notes on numerous individual translators Chronicling renderings spanning multiple decades Finnegans Wakes illustrates the capacity of Joyce's final text to generate an inexhaustible multiplicity of possible meanings among the ever increasing number of its impossible translations

Irish Literature in Italy in the Era of the World Wars Antonio Bibbò, 2021-12-14 This book addresses both the dissemination and increased understanding of the specificity of Irish literature in Italy during the first half of the twentieth century This period was a crucial time of nation building for both countries Antonio Bibb illustrates the various images of Ireland that circulated in Italy focusing on political and cultural discourses and examines the laborious formation of an Irish literary canon in Italy The center of this analysis relies on books and articles on Irish politics culture and literature produced in Italy including pamphlets anthologies literary histories and propaganda translations of texts by Irish writers and archival material produced by writers publishers and cultural and political institutions Bibb argues that the construction of different and often conflicting ideas of Ireland in Italy as well as the wavering understanding of the distinctiveness of Irish culture substantially affected the Italian responses to Irish writers and their presence within the Italian publishing field This book contributes to the discussion on transnational aspects of canon formation reception studies and Italian cultural studies
