Recovery Of The Anabaptist Vision The A Sixtieth Anniversary Tribute To Harold S Bender:

The Recovery of the Anabaptist Vision Guy F. Hershberger, 2001-03-06 *The Recovery of "The Anabaptist Vision"* Guy Franklin Hershberger, 1962 *The Lord's Supper* Dale Stoffer, 2019-10-28 This work gives a stimulating overview of the history theology and practice of the Lord's Supper in denominations that share the common heritage of believers baptism. The essays first developed for a major conference at Ashland Theological Seminary discuss sharing the bread and cup, footwashing and the love feast. Several scholars examine the witness of Scripture and of church history on communion. Others describe the current practice and theology of the Lord's Supper in denominations as varied as Baptist and Quaker, Seventh Day Adventist and African Methodist Church conferences beginning in 1967 and their related publications. Here is a rare opportunity to observe the special significance of this sacred ceremony in believers' church. **Renaissance and Reformation** William Roscoe Estep, 1986. Readable and informative, this major text in Reformation history is a detailed exploration of the many facets of the Reformation, especially its relationship to the Renaissance. Estep pays particular attention to key individuals of the period, including Wycliffe, Huss, Erasmus, Luther, Zwingli, and Calvin. Illustrated with maps and pictures. **Reforming the Morality of Usury** David W. Jones, 2003-12-30. In the early years of the sixteenth century, the Church experienced a dramatic shift in its moral perception of the practice of usury. Leaders of the continental Protestant Reformation—Lutheran, Calvinist, and Anabaptist—all grappled with the Roman Catholic Church's moral teaching on the practice of lending money at interest. Although these three theological streams addressed the same moral problem at relatively the same time, they each responded differently. *Reforming the Morality of Usury* examines how the leaders of each major stream in the continental Protestant Reformation adopted a different approach to reforming moral teaching on the practice of usury. Looking in the Other Direction Teun van der Leer, 2023-09-22. In this study, Teun van der Leer tells the story of the Believers Church Tradition, a tradition mainly rooted in the so-called Radical Reformation, which prefers to be called a movement or rather a renewal movement. Its name is a program, a vision, and a way of being church. Based on extensive source research, this book describes and analyzes the defining characteristics of this so-called third type of church and investigates its ecumenical value. With an extensive description of its nature of faith, the church hermeneutical discernment, and mission, this book colors a movement within the church landscape that has never been mapped in such detail before. As such, the book provides an in-depth introduction to this ecumenically important but still a bit underexposed movement and makes a substantial contribution to the ecumenical ecclesiological debate about the church and its future. Mennonites in Canada: 1939-1970 : a people transformed Frank H. Epp, T. D. Regehr, 1974-01-01. T. D. Regehr shows how the Second World War challenged the pacifist views of Mennonites and created a population more aware of events, problems, and opportunities for Christian service and personal advancement in the world beyond their traditional rural communities. **Unlearning Protestantism** Gerald Schlabach, 2010-04. Addresses the Protestant dilemma in ecclesiology: how to build

lasting Christian community in a world of individualism and transience **Transforming Faith Communities** Michael Ian Bochenski, 2017-09-28 Transforming Faith Communities draws upon a model for the church that combines congregationalism with a constructive approach to church state relationships within a vision for a renewed Christendom commended as a viable option for Christian mission in the twenty first century world Michael Ian Bochenski uses two movements to make his case sixteenth century Anabaptism and late twentieth century Latin American liberation theology Each movement is held up as a mirror to the other in a vision for the transformation of church and society that resonates powerfully with contemporary culture Outlining the development of radical religious communities Bochenski examines some of the factors that create world affirming Christian faith communities and explores many examples of effective and constructive engagement with church and society across the centuries **John Howard Yoder** Mark Nation, 2006-01-05 John Howard Yoder 1927 1997 was a leading Christian witness against violence articulating a theology from his own tradition so powerful that it compelled people from many other traditions to take notice The war on terror the temptations of nationalism and the painful divisions between those who call themselves followers of Jesus signal our need to hear Yoder's voice again at the beginning of the twenty first century In his book Mark Thiessen Nation provides an insider's introduction to Yoder demonstrating how a committed Mennonite could also be profoundly evangelical in his witness and broadly catholic in his Christian sensibilities Taking us into Yoder's life and writings Nation explores Yoder's context his keen interest in the Anabaptist tradition his sustained engagement with other Christians and other faiths and his claim that pacifism is inherent to Jesus message Virtue Reformed Stephen A. Wilson, 2005 Drawing on Protestant scholasticism Puritan precisionism and virtue ethics Virtue Reformed offers a comprehensive rereading of the ethical position of American philosopher theologian Jonathan Edwards and his fascinating struggle to be both forwarder of the Reformation and participant in the Enlightenment *Systematic Theology, Volume 2, Second Edition* James Leo Garrett, 2014-09-14 Rivals the major systematic theologies of this century Baptist History and Heritage Journal July 1996 One of the characteristics of Garrett's system that needs especially to be noted is its balanced judicious and nearly invariably objective presentation of materials While holding true to the teachings of his own Baptist faith Garrett so carefully and judiciously presents alternatives that teachers and students from other confessional and denominational positions will find his work instructive Consensus 1997 If one is searching for an extensive exposition of the biblical foundations and historical developments of the various loci of systematic theology there is no more complete presentation in a relatively short work than this Pastors will especially find this feature to be a real help in teaching theology It is an indispensable contribution to the task of systematic theology Journal of the Evangelical Theological Society September 1999 Many students and pastors will find all they need here and will in addition be helped to relate their knowledge to recent developments in the theological world The Churchman A Journal of Anglican Theology 1991 A gold mine of helpful material The Christian Century May 29 June 5 1991 No book that I know is more loaded with biblical and

gospel and the example of Jesus and can produce the avoidance resolution or reduction of conflicts And yet obstacles are significant and expectations must be realistic Decisions to use armed force against injustice even when they meet the criteria of just war will be ambiguous and tragic from a Christian perspective Regarding war and peace the focus of Christian theology ethics and practice should not be on justifying war but on practical and hopeful interreligious peacebuilding

Living in the World Ronald C. Jantz,2020-05-01 In the pages of this book the reader will experience the religious adventure of Anabaptism and appreciate the core principles of nonconformity and nonresistance This narrative history will impart an understanding of how a little known group of Mennonites migrated through the countries of Western Europe ultimately to bring a unique way of life to the Great Plains of America Today these people hope to live apart from the world as the Holdeman people or more formally the Church of God in Christ Mennonite *Anabaptist Baptism: A Representative Study* Rollin S. Armour,1998-09-22 A study of the sixteenth century Anabaptist theology of baptism Armour specifically looks at the thought of Balthasar Hubmaier Hans Hut Melchior Hofmann and Pilgram Marpeck **The Wisdom of the Cross** Stanley Hauerwas,Chris K. Huebner,Harry J. Huebner,Mark T. Nation,2005-05-26 Few recent Christian thinkers have been as widely influential as John Howard Yoder 1927 1997 Encompassing a teaching career of more than thirty years and such landmark publications as *The Politics of Jesus* Yoder s life and thought have profoundly impacted students and colleagues from a broad range of disciplines In the words of Stanley Hauerwas Yoder is probably the major theologian ethicists of this half century in America and certainly the leading Mennonite theologian of the twentieth century *The Wisdom of the Cross* is the only book to provide valuable secondary essays engaging Yoder s central theological concerns together with a biographical reflection on his life and legacy Written by scholars both from within and outside of Yoder s Mennonite community these essays develop the most significant aspects of Yoder s thought from his powerful defense of Christian pacifism to his seminal analysis of the politics of Jesus to his challenging contributions to Christian social ethics ecclesiology and theological method The book also includes a previously unpublished essay on moral absolutes by Yoder himself A fitting tribute to Yoder s distinguished career this volume will be useful to readers new to Yoder s work and to those wishing to probe more deeply into the implications of his thought **Cooperative Salvation** Kathryn S. Eisenbise,2014-12-05 Why did Jesus die What does it mean that Jesus died for our sins Christian theology has been wrestling with these questions for centuries and theologians have proposed lots of different answers and explanations in the form of theories of atonement But most of these theories fall short when confronted by a contemporary postmodern worldview Many of these models come out of orthodox rather than Free Church traditions so they also lack the distinctive elements that characterize Brethren ways of understanding God and the world The Church of the Brethren is well known for its acts of service and discipleship in the nonviolent model of Jesus but it has not produced much constructive theology *Cooperative Salvation* attempts to remedy this situation by proposing a constructive Brethren model of atonement It analyzes the diverse atonement models proposed

throughout the Christian tradition noting where they prove inadequate To address the shortcomings of other models this work draws on important claims of historical Anabaptist and Brethren theology while also incorporating ideas from feminist liberation and process theology in order to construct an understanding of atonement that contributes a contemporary Brethren voice to the centuries long discussion of atonement **Sowing Seeds** R. Bruce Yoder, 2025-08-12 Every church a mission outpost Born in Iowa in the 20th century Joseph D J D Graber was both a product of the Mennonite Church of his time and a visionary who helped shape Mennonite identity and engagement with the world Nearly two decades of work in India reinforced Graber s commitment to missionary witness and convicted him of the need for new attitudes and approaches for a postcolonial era including in North America where Graber cultivated the idea that congregations could be empowered to engage in local missions *Sowing Seeds* digs into Graber s promotion of a new day in mission that shed colonial paternalistic thinking and practice in favor of shared responsibility for missions For Mennonites with a seclusionist posture this new vision also offered a way to engage the world without forsaking faith values Graber s advocacy planted seeds for churches rooted in diverse ethnic traditions and cultures nurturing commitments that reverberated through the church s mission identity and activities even to the present day For Mennonites and other Christians whose faith motivates their work and community engagement the story of Mr Missions of the Mennonite Church provides insight into the development of Anabaptist faith and practice For scholars seeking to understand the 20th century growth of North America Mennonite engagement with the world this biography illuminates initiatives that influenced the emerging global Anabaptist movement

Continuity and Change Among Canadian Mennonite Brethren Peter M. Hamm, 1987-03-09 More than 450 years after their birth in the Anabaptist movement 125 years after their secession from Russian Mennonitism and 60 years after their immigration to Canada the Mennonite Brethren exhibit specific and measurable signs of sectarian viability and religious vitality To explain the persistence of the sect Hamm analyses the process of sacralization within the Canadian Mennonite Brethren Church which safeguards identity a system of meaning or a definition of reality and the process of secularization which erodes boundaries dislodges stable structures and destroys identity It is an oversimplification the author argues to insist that the factors of continuity ethical and cognitive norms family solidarity ethnicity worship evangelism community and church structures and service agencies are solely integrative and that the factors of change urbanization education occupational change and economic affluence are solely disruptive Instead a complex dialectic between the two processes is at work that prevents restrictive rigidity within the sect and excessive accommodation to the host society According to the author this analysis of the Canadian Mennonite Brethren becomes a case study to test the utility of an identity theory of religion which hinges on the integration differentiation dialectic It is at the same time a serious self study in religious sociology by which the author seeks to gain a better understanding of the processes of growth and decline of continuity and change and of the ongoing tension resulting from the religious movement s confrontation with society
