[Reflexology](#) Paula Thayer, 2016-09-14 NEW Second Edition Published September 14, 2016. If you're interested in learning all about reflexology, including how to self-perform reflexology and practice it on others, then this book is for you. Although reflexology therapy has for a long time been viewed with skepticism, just like many other alternative healing therapies, it does actually work, and this book will explain exactly how it does and why it's so effective. Today we can say that reflexology is ideal for not only curing pain, which is a primary symptom showing something is amiss in your body, but also the root cause of the pain. It is little wonder, then, that reflexology therapy has become very popular as a form of holistic healing, unlike pharmaceutical drugs that mostly address only the symptoms. High stress, chronic fatigue, back pain, and fibromyalgia are only a few examples of unwelcome conditions that can easily be alleviated through the practice of reflexology. Not to mention that reflexology is a great form of disorder prevention, too. This book will teach you all about the practice of reflexology, including how to self-perform reflexology and practice it on others. A complete hand chart map and foot chart map are provided within the book for your reference as well. *Press Here!*

Reflexology for Beginners Stefanie Sabounchian, 2017-09-15. Originally practiced by the ancient Chinese and Native Americans. *Press Here!* *Reflexology for Beginners* shows how to use massage pressure on the feet to heal holistically. Every

part of your body has a corresponding reflex point on the feet applying pressure to these specific points you will naturally and non invasively send relief to the corresponding part of your body It s no wonder that reflexology has become one of the most popular alternative forms of healing An overall healthy lifestyle is a huge part of staying healthy but the powerful touch of reflexology will give you a leg up in the health department While the principles of reflexology are simple reflexology charts can be overwhelming for the beginner Press Here Reflexology for Beginners gives a clear explanation of where to find the reflex point on the foot how it relates to the body and how to apply the correct pressure for the strongest effect Organized by reflex points from the top of the body to the bottom one at a time on a double page makes this guide a breeze to follow and a fun and easy way to explore the art of foot reflexology The Press Here series offers contemporary takes on traditional hands on healing practices for a new generation of practitioners These introductory guides feature easy to access organization clear instructions and beautiful illustrations of each technique Other Press Here topics include massage reiki and acupressure
