Public Management Reform Christopher Pollitt, Geert Bouckaert, 2004 This is a comprehensive integrated analysis of the wave of management reforms which have swept through many countries including Australia Belgium Canada Finland France Germany Italy the Netherlands New Zealand Sweden the UK the USA and the European Commission. *Reforming Public Management and Governance* John Halligan, 2020-05-29 This book examines the impact of several decades of public sector reform in four Westminster systems Australia Canada New Zealand and the United Kingdom. Political and managerial change has re defined roles and relationships and how their public sectors function. Often this occurs in comparable ways because of a common administrative tradition but choices made in different country contexts also produce divergent outcomes. In analysing the results and implications of reform fundamental issues of and tensions in public administration and management are addressed. **The Global Public Management Revolution** Donald F. Kettl, 2006-05-24 Over the last quarter century governments around the world have launched ambitious efforts to reform how they manage their programs. Citizens have demanded smaller cheaper more effective governments. They have also asked for more programs and better services. To resolve this paradox governments have experimented with scores of ideas to be more productive improve performance and reduce costs. In this new edition of *The Global Public Management Revolution* Donald F. Kettl charts the basic models of reform that are being employed worldwide. Reviewing the standard strategies and tactics behind these reforms Kettl identifies six common core ideas: the search for greater productivity more public reliance on private markets a stronger

orientation toward service more decentralization from national to subnational governments increased capacity to devise and track public policy and tactics to enhance accountability for results Kettl predicts that reform and reinvention will likely become mantras for governments of all stripes Ultimately this strategy means coupling the reform impulse with governance government's increasingly important relationship with civil society and the institutions that shape modern life
