Inscoe, 2011-08-15 Georgia has played a formative role in the writing of America Few states have produced a more impressive array of literary figures among them Conrad Aiken Erskine Caldwell James Dickey Joel Chandler Harris Carson McCullers Flannery O Connor Jean Toomer and Alice Walker This volume contains biographical and critical discussions of Georgia writers from the nineteenth century to the present as well as other information pertinent to Georgia literature Organized in alphabetical order by author the entries discuss each author s life and work contributions to Georgia history and culture and relevance to wider currents in regional and national literature Lists of recommended readings supplement most entries Especially important Georgia books have their own entries works of social significance such as Lillian Smith s *Strange Fruit* international publishing sensations like Margaret Mitchell s *Gone With the Wind* and crowning artistic achievements including Jean Toomer s *Cane* The literary culture of the state is also covered with information on the Georgia Review and other journals the Georgia Center for the Book which promotes authors and reading and the Townsend Prize given in recognition of the year s best fiction This is an essential volume for readers who want both to celebrate and learn more about Georgia s literary heritage , *Contemporary Black Men's Fiction and Drama* Keith Clark, 2001 Demonstrating the extraordinary versatility of African American men s writing since the 1970s this forceful collection illustrates how African American male novelists and playwrights have absorbed challenged and expanded the conventions of black American writing and with it black male identity From the John Henry Syndrome a definition of black masculinity based on brute strength or violence to the submersion of black gay identity under equations of gay with white and black with straight the African American male in literature and drama has traditionally been characterized in ways that confine and silence him *Contemporary Black Men s Fiction and Drama* identifies the forces

that limit black male discourse including traditions established by iconic African American male authors such as James Baldwin Richard Wright and Ralph Ellison This thoughtful volume also shows how contemporary black male authors use their narratives to put forward new ways of being and knowing that foster a more complete sense of self and more humane and open ways of communicating with and relating to others In the work of Charles Johnson Ernest Gaines and August Wilson contributors find paths toward broader less rigid ideas of what black literature can be what the connections among individual and communal resistance can be and how black men can transcend the imprisoning models of hyper masculinity promoted by American culture Seeking greater spiritual connection with the past John Edgar Wideman returns to the folk rituals of his family while Melvin Dixon and Brent Wade reclaim African roots and traditions Ishmael Reed struggles with a contemporary cultural oppression that he sees as an insidious echo of slavery while Clarence Major s experimental writing suggests how black men might reclaim their own voices in a culture that silences them Taking in a wide range of critical theoretical cultural gender and sexual concerns Contemporary Black Men s Fiction and Drama provides provocative new readings of a broad range of contemporary writers

Speak So I Shall Know Thee William J. Walsh, 2012-02-29 A R Ammons was asked if he agreed that the United States has not produced a major poet in the last 30 years I agree The poetry in the country has become sort of a company affair where support for the arts has just about ruined the arts and the system of bureaucrats managing the funds being developed here and there is turning into trade unionism which may be the best way to write poetry but it is unfamiliar to me This comprehensive collection contains 31 interviews in which Southern writers talk about their craft the Southern literary scene and themselves Poets short story writers and novelists include firmly established writers side by side with emerging talent Lee Smith James Dickey Harry Crews Pat Conroy Doris Bett Pulitzer Prize winner Donald Justice and 25 others

South of Tradition Trudier Harris, 2010-04-15 With characteristic originality and insight Trudier Harris Lopez offers a new and challenging approach to the work of African American writers in these twelve previously unpublished essays Collectively the essays show the vibrancy of African American literary creation across several decades of the twentieth century But Harris Lopez s readings of the various texts deliberately diverge from traditional ways of viewing traditional topics South of Tradition focuses not only on well known writers such as Zora Neale Hurston Ralph Ellison James Baldwin and Richard Wright but also on up and coming writers such as Randall Kenan and less known writers such as Brent Wade and Henry Dumas Harris Lopez addresses themes of sexual and racial identity reconceptualizations of and transcendence of Christianity analyses of African American folk and cultural traditions and issues of racial justice Many of her subjects argue that geography shapes identity whether that geography is the European territory many blacks escaped to from the oppressive South or the South itself where generations of African Americans have had to come to grips with their relationship to the land and its history For Harris Lopez south of tradition refers both to geography and to readings of texts that are not in keeping with expected responses to the works She explains her point of departure for the essays as a slant an

angle or a jolt below the line of what would be considered the norm for usual responses to African American literature The scope of Harris Lopez s work is tremendous From her coverage of noncanonical writers to her analysis of humor in the best selling *The Color Purple* she provides essential material that should inform all future readings of African American literature

Remembering the Past in Contemporary African American Fiction Keith Byerman, 2006-05-18 With close readings of more than twenty novels by writers including Ernest Gaines Toni Morrison Charles Johnson Gloria Naylor and John Edgar Wideman Keith Byerman examines the trend among African American novelists of the late twentieth century to write about black history rather than about their own present Employing cultural criticism and trauma theory Byerman frames these works as survivor narratives that rewrite the grand American narrative of individual achievement and the march of democracy The choice to write historical narratives he says must be understood historically These writers earned widespread recognition for their writing in the 1980s a period of African American commercial success as well as the economic decline of the black working class and an increase in black on black crime Byerman contends that a shared experience of suffering joins African American individuals in a group identity and writing about the past serves as an act of resistance against essentialist ideas of black experience shaping the cultural discourse of the present Byerman demonstrates that these novels disrupt the temptation in American society to engage history only to limit its significance or to crown successful individuals while forgetting the victims

Afro-American Literary Study in the 1990s Houston A. Baker (Jr.), Patricia Redmond, 1989 Featuring the work of the most distinguished scholars in the field this volume assesses the state of Afro American literary study and projects a vision of that study for the 1990s A rich and rewarding collection Choice This diverse and inspired collection testifies to the Afro Am academy s extraordinary vitality Voice Literary Supplement

Baby Sweet's Raymond Andrews, 1988 Bawdy and sometimes horrifying hilarious on the way to being tragic Raymond Andrews s Muskogean County novels tell of black life in the Deep South from the end of the First World War to the beginning of the 1960s from the days of mules and white men with bullwhips to the moment when the pendulum began to swing This story tells of a venture between John Morgan Jr the dissolute heir to Appalachee s leading white family and Baby Sweet Jackson owner of the once vibrant Red s Cafe in Dark Town On Independence Day 1966 the partners open Muskogean County s first bordello with two dark skinned black women Lana Lips and Fig ready for the expected white clientele Then a mysterious woman announcing herself as the third whore arrives and proclaims that her body will be for colored only

Writers of Multicultural Fiction for Young Adults

M. Daphne Kutzer, 1996-01-09 Multicultural fiction is an essential part of the American literary landscape. This reference helps scholars, teachers, and librarians choose significant texts from both the past and present and provides guidance in approaching multicultural issues as they are discussed in fiction for young adults. Included are entries for 51 writers, some of whom have nearly been forgotten, others who are just emerging. Each entry provides biographical, critical, and bibliographical information, while a general bibliography of works on multicultural literature concludes the book. Authors included range from the nearly forgotten such as Laura Adams Armer to the newly discovered such as Graham Salisbury, winner of the 1994 Scott O'Dell Award for Historical Fiction. The breadth of authors covered ensures an historical context for the issues raised by multiculturalism, and the sections on the critical reception of each author address such important issues as the authority and authenticity of the writer to comment on a different culture. Contributors are of many different ethnicities and include important scholars of children's literature, lending authenticity and authority to the volume itself. **To Be Continued** Hope Apple, Merle L. Jacob, 2000-10-10 Keeping track of prolific authors who write fiction series was quite challenging for even the most ardent fan until *To Be Continued* debuted in 1995. Now readers will be happy that the soon-to-be-released second edition has added 1,600 new books and 400 new series. *To Be Continued* Second Edition maintains the first volume's successful formula that featured concise A to Z entries packed with useful information, including titles, publishers, publication dates, genre categories, annotations, and subject terms. Among the genre categories that can be found in *To Be Continued* are romance, science fiction, crime novel, horror, adventure, fantasy, humor, western, war, Christian fiction, and others. The Scary Mason-Dixon Line Trudier Harris, 2009-06-01 *New Yorker* James Baldwin once declared that a black man can look at a map of the United States, contemplate the area south of the Mason-Dixon Line, and thus scare himself to death. In *The Scary Mason-Dixon Line*, renowned literary scholar Trudier Harris explores why black writers, whether born in Mississippi, New York, or elsewhere, have consistently both loved and hated the South. Harris explains that for these authors, the South represents not so much a place or even a culture as a rite of passage. Not one of them can consider himself or herself a true African American writer without confronting the idea of the South in a decisive way. Harris considers native-born black southerners Raymond Andrews, Ernest J. Gaines, Edward P. Jones, Tayari Jones, Yusef Komunyakaa, Randall Kenan, and Phyllis Alesia Perry, and nonsouthern writers James Baldwin, Sherley Anne Williams, and Octavia E. Butler. The works Harris examines date from Baldwin's *Blues for Mr. Charlie* (1964) to Edward P. Jones's *The Known World* (2003). By including Komunyakaa's poems and Baldwin's play as well as male and female authors, Harris demonstrates that the writers' preoccupation with the South cuts across lines of genre and gender. Whether their writings focus on slavery, migration from the South to the North, or violence on southern soil, and whether they celebrate the triumph of black southern heritage over repression or castigate the South for its treatment of blacks, these authors cannot escape the call of the South. Indeed, Harris asserts that creative engagement with the South represents a defining characteristic of African American writing. A singular work by one of the foremost

literary scholars writing today The Scary Mason Dixon Line superbly demonstrates how history and memory continue to figure powerfully in African American literary creativity

The Oxford Handbook of the Literature of the U.S. South Fred Hobson, Barbara Ladd, 2016 The Oxford Handbook of the Literature of the U S South brings together contemporary views of the literature of the region in a series of chapters employing critical tools not traditionally used in approaching Southern literature It assumes ideas of the South global multicultural plural more Souths than South that would not have been embraced two or three decades ago and it similarly expands the idea of literature itself Representative of the current range of activity in the field of Southern literary studies it challenges earlier views of antebellum Southern literature as well as in its discussions of twentieth century writing questions the assumption that the Southern Renaissance of the 1920s 1930s and 1940s was the supreme epoch of Southern expression that writing to which all that had come before had led and by which all that came afterward was judged As well as canonical Southern writers it examines Native American literature Latina o literature Asian American as well as African American literatures Caribbean studies sexuality studies the relationship of literature to film and a number of other topics which are relatively new to the field

The Routledge Companion to Literature of the U.S. South Katharine A. Burnett, Todd Hagstette, Monica Carol Miller, 2022-07-11 The Routledge Companion to Literature of the U S South provides a collection of vibrant and multidisciplinary essays by scholars from a wide range of backgrounds working in the field of U S southern literary studies With topics ranging from American studies African American studies transatlantic or global studies multiethnic studies immigration studies and gender studies this volume presents a multi faceted conversation around a wide variety of subjects in U S southern literary studies The Companion will offer a comprehensive overview of the southern literary studies field including a chronological history from the U S colonial era to the present day and theoretical touchstones while also introducing new methods of reconceiving region and the U S South as inherently interdisciplinary and multi dimensional The volume will therefore be an invaluable tool for instructors scholars students and members of the general public who are interested in exploring the field further but will also suggest new methods of engaging with regional studies American studies American literary studies and cultural studies
