**LOCAL GOVERNMENT IN WESTERN NIGERIA: ABEOKUTA, 1830-1952.** Dr. Akinniyi Savage, 2010-05-25 The purpose of this book Local Government in Western Nigeria Abeokuta 1830 1952 A case study of exemplary institutional change is to delineate the democratization process of governmental institutions in the city of Abeokuta western Nigeria during the 1940s and 1950s The Egba at Abeokuta were chosen because they are an important ethnicity within the Yoruba the then third most populous ethnic group in Nigeria The period from 1939 to 1952 marks the time when western Nigeria was ruled via the native administration system the local governmental structure instituted by the British However the historiography of the Egba is elongated to include the formation of Abeokuta in 1830 By 1952 government was nominally extended to every constituency in Abeokuta This presaged the comprehensive democratization movement in Nigeria

**Wole Soyinka** Adam Lecznar, 2024-09-05 This book presents a new way of looking at Wole Soyinka's engagement with the classical past Nigerian author and activist Wole Soyinka was the first Black African author to win the Nobel Prize for Literature 1986 and his oeuvre has become seminal to postcolonial literature The frequent references to Greece and Rome that appear across Soyinka's writings most explicitly in his 1973 play *The Bacchae* of Euripides *A Communion Rite* have often received short shrift in scholarship on the author At best these references have been understood as elements of Soyinka's prodigiously inclusive humanism At worst Soyinka's critics argue that the invocations of a Graeco Roman past testify to the neocolonial cultural affinities that make Soyinka a problematic figure in postcolonial literary history Adam Lecznar challenges these readings arguing that Soyinka's authorial outlook is informed by a hybrid form of classicism in which he aligns the legacy of Greece and Rome with the African cultural heritage to form a narrative of literary and cultural value that looks beyond the ancient Mediterranean This book turns a spotlight on how Soyinka's appeals to Greece and Rome inform his reflections on Africa's ancient past Yoruba belief and the modern significance of tragedy Lecznar contends that Soyinka's notion of classicism is not solely dependent on the memory of the Graeco Roman past Rather it draws innovatively on a global cultural heritage to advance revolutionary and futural narratives of history and identity

*Postcolonial Identity in Wole Soyinka* Mpalive-Hangson Msiska, 2007 Soyinka's representation of postcolonial African identity is re-examined in the light of his major plays novels and poetry to show how this writer's idiom of cultural authenticity both embraces hybridity and defines itself as specific and particular For Soyinka such authenticity involves recovering tradition and inserting it in postcolonial modernity to facilitate transformative moral and political justice The past can be both our enabling future and our nemesis In a distinctive approach grounded in cultural studies *Postcolonial Identity in Wole Soyinka* locates the artist's intellectual and political concerns within the broader field of postcolonial cultural theory arguing that although ostensibly distant from mainstream theory Soyinka focuses on fundamental questions concerning international culture and political identity formations the relationship between myth and history tradition and modernity and the unresolved tension between power as a force for good or evil Soyinka's treatment of the relationship between individual selfhood and the various framing social and collective identities so the book argues is yet another aspect linking his work to the broader intellectual currents of today Thus Soyinka's vision is seen as central to contemporary efforts to grasp the nature of modernity His works conceptualize identity in ways that promote and modify national perceptions of Africanness rescuing them from the colonial and neocolonial logic of cultural denigration in a manner that fully acknowledges the cosmopolitan and global contexts of African postcolonial formation Overall what emerges from the present study is the conviction that in Soyinka's work it is the capacity to assume personal and collective agency and the particular choices made by particular subjects at given historical moments that determine the trajectory of change and ultimately the nature of postcolonial existence itself *Postcolonial Identity in Wole Soyinka* is a major and imaginative contribution to the study of Wole Soyinka African literature and postcolonial cultural theory and one in which writing and creativity stand in fruitful symbiosis with the critical sense It should appeal to Soyinka scholars to students of African literature and to anyone interested in postcolonial and cultural theory
