Welcome to BizPlanBuilder®. Here is a sample of the complete business plan text used for the Angel/VC plan. (It's the most comprehensive version designed to pitch a new idea to the most sophisticated investors.)

As you'll see, there is more than enough to use. If the text/concept fits your business model, use it, if not, you can discard what you don't require.

## **The plan for the extraordinary business**

JIAN's philosophy is to give you ideas and content from the best business plans cross-pollinated from every industry vs. lots of industry-specific examples that you must undo (unless you are starting an ordinary business...) Investors are rarely industry-specific, but they do understand business, profits, growth, value and return on investment. Speak their language correctly and you will get funded.

Variables like [Company], [Owner/Founder] are automatically replaced from the data file. [Other variables in brackets like this] include example text that give you ideas and that you will edit.

Although this is a protected .pdf of the text provided within BizPlanBuilder (you cannot copy any text or print it), you can read it now and edit it using the BizPlanBuilder application.

«» Expert comments throughout, in green, can be turned on/off with an icon in the BizPlanBuilder application – in this sample, they add about 40 pages – it's as if we're sitting next to you all the way. When you turn these off they disappear completely and the black text rolls up. They won't print.

At the end of this narrative sample, we include a sample of the PowerPoint "investor pitch" slideshow.

BizPlanBuilder also includes **54 supporting documents** important for completing the process of raising money – [you can see the list here](#).

**Investors ask a lot of questions** – They say they want a 2-page business plan, but I think you will agree that few people will write you a check without learning more... BizPlanBuilder has it.
