Samsons Riddle

CSB Bibles by Holman

Samsons Riddle:

Samson Pnina Galpaz-Feller, 2006 The story of Samson in the Bible is told in just four chapters of the Book of Judges but the story of his life is composed of a mosaic of events This book examines many aspects of the unique figure of Samson Samson as the chosen of God who is destined to save the Israelites from Philistine oppression and who ultimately dies with the Philistines Samson who appears on the stage of history as a promising leader but whose leadership fails Samson the dissolute Nazirite a powerful man who rips apart a lion as though it were a lamb who uproots the gates of the city of Gaza and pulls down a pagan temple but at the same time he succumbs to his women and is ruled by them This book invites the reader to contemplate Samson's highly contradictory personality to take up moral issues and to reflect upon love and betrayal life and death family and society subjects that have concerned people from antiquity to the present Samson James L. Crenshaw, 1978 *Women's Bible Commentary* Carol Ann Newsom, Sharon H. Ringe, 1998-01-01 In the critically acclaimed best seller *Women's Bible Commentary* an outstanding group of women scholars introduced and summarized each book of the Bible and commented on those sections of each book that have particular relevance to women focusing on female characters symbols life situations such as marriage and family the legal status of women and religious principles that affect relationships of women and men Now this expanded edition provides similar insights on the Apocrypha presenting a significant view of the lives and religious experiences of women as well as attitudes toward women in the Second Temple period This expanded edition sets a new standard for women's and biblical studies *The Samson Story* Shaul Bar, 2018-06-15 Love seduction betrayal violence riddles and myth all find their place in the biblical story of Samson Samson is the last of the judges with 20 percent of the book devoted to him more than any other judge From the beginning Samson is unlike any other judge which the author suggests when narrating Samson's birth Samson is destined even before his birth to deliver Israel He doesn't lead his people into battle he acts alone his battles are personal vendettas Samson fights with a lion defeats the Philistines with the jawbone of an ass captures foxes sets Philistine fields on fire and carries the Gates of Gaza on his shoulders So what stands behind these stories Was Samson a mythological hero like Hercules and Gilgamesh Like other men in the Hebrew Bible Samson can't resist foreign women Time after time he follows Philistine women who eventually betray him Samson is defeated not by physical strength but by the powers of seduction making this story a tragedy Who were these women and how did they defeat Samson Readers of this volume will rediscover Samson and better understand his achievements and failures This study will afford a provocative and useful insight into the character of Samson **Untying the Knot** Galit Hasan-Rokem, David Dean Shulman, 1996 This book collects eighteen previously unpublished essays on the riddle a genre of discourse found in virtually every human culture Hasan Rokem and Shulman have drawn these essays from a variety of cultural perspectives and disciplines linguists anthropologists folklorists and religion and literature scholars consider riddling practices in Hebrew Finnish Indian languages Chinese and classical Greek The authors seek to understand

the peculiar expressive power of the riddle and the cultural logic of its particular uses they scrutinize the riddle's logical structure and linguistic strategies as well as its affinity to neighboring genres such as enigmas, puzzles, oracular prophecy, proverbs and dreams. In this way they begin to answer how riddles relate to the conceptual structures of a particular culture and how they come to represent a culture's cosmology or cognitive map of the world. More importantly, these essays reveal the human need for symbolic ordering, riddles being one such form of cultural ritual.

The IVP Bible Background

Commentary: Old Testament John H. Walton, Victor H. Matthews, Mark W. Chavalas, 2000-11-08 This unique commentary provides historical, social and cultural background for each passage of the Old Testament. From Genesis through Malachi, this single volume gathers and condenses an abundance of specialized knowledge and includes a glossary, maps and charts and expanded explanations of significant background issues.

Puzzling the Reader Gregg A. Hecimovich, 2008 *Puzzling the Reader* establishes the place of charms and riddles in nineteenth-century British literature by exploring the literary and political work riddles performed at cultural thresholds: courtship, initiation, death rituals, moments of greeting and intercultural relations. Furthermore, *Puzzling the Reader* investigates the new narrative genre that riddles uncover by transforming traditional narrative techniques. Far from disappearing from view, the oral tradition of the riddle rises into view alongside the literary narratives of William Blake, John Keats and Charles Dickens. The folk tradition of the riddle is imported into print media and reaches its zenith in the nineteenth century. Through analyses of riddles in weekly literature and satire magazines, parlor game books and popular collected riddles such as Queen Victoria's Windsor Enigma, this volume examines the literary and political roles riddles play as they migrate into mass print culture. Three crucial texts illustrate this argument: Blake's Jerusalem, Keats's The Eve of St Agnes and Dickens's Our Mutual Friend. Each is a work of formal experimentation and each typifies the full range of word play in the period. From Blake to Keats to Dickens, nineteenth-century British literature charts a history of the literary riddle.

Samson's Riddle. (Second Edition.). Samson (Biblical judge), 1820*

The Exegetical and the Ethical, 2022-03-16 Exegesis has ethical dimensions. This is the case for the Bible, which has a foundational status in traditional perspectives that is simultaneously contested in the modern world. This innovative essay collection, largely about Hebrew Bible/Old Testament texts, is written by an international team of scholars, all of whom are pioneers in this area. Professor John Barton, whose 70th birthday this volume celebrates, is one of the pioneers. With interdisciplinary angles, the essays highlight the roles and responsibilities of the biblical scholar, often located professionally between religious and secular domains. This reflects a broader reality: all readers of texts are engaged ethically in the public square of ideas.

Enigmas and Riddles in Literature Eleanor Cook, 2006-02-16 A wide-ranging and original study on how enigmas and riddles work in literature.

Uncovering Violence Amy Cottrill, 2021-10-26 It is no surprise that the Bible is filled with stories of violence, having come into being through the crucible of trauma, cultural conflict and warfare. But the more obvious acts of physical or sexual violence in the Hebrew Bible often overshadow its subtler forms throughout Scripture and belie the variety of perspectives

on violence embedded in biblical narratives This hinders readers ability to recognize the full spectrum of human engagement with violence both in texts and in their lived experiences Uncovering Violence Reading Biblical Narratives as an Ethical Project seeks to provide a theoretical vocabulary for the various forms that violence can take including textual violence interpretive violence moral injury and slow violence and to offer a fresh ethical reading of violence in the biblical text Focusing on four narratives from the Hebrew Bible Cottrill uses the approach of narrative ethics to lay out the many ways that stories can make moral claims on readers not by delivering a discrete lesson or takeaway but by making transformative contact with readers and involving them in a more embodied dialogue with the text Exploring the narratives of Jael s killing of Sisera the toxic masculinity of Samson environmental devastation and failures of legal systems in Ruth and Abigail s mediation with King David Uncovering Violence presents strategies for reading that allow for this close encounter In doing so it helps prepare readers to better recognize interpret and even respond to violence and its many effects within and beyond the text
