## Samuel K Mirsky Memorial Volume:

**Samuel K. Mirsky memorial volume**, 1970      **Samuel K. Mirsky** Gersion Appel, 1970      *Samuel K. Mirsky*  
*Memorial Volume* Gersion Appel, 1970      1971, 000000 000000 000000 0000 000000 000000 0000      **Biblical Theology** Prof. Leo  
Perdue, 2010-10-01 One of the thorniest problems in theological study is the relationship between biblical studies on the one  
hand and constructive theology on the other Theologians know that the Bible is the core source document for theological  
construction and hence that they must be in conversation with the best in critical study of Scripture For many biblical  
scholars the point of what they do is to help the biblical text speak to today's church and world and hence they would do well  
to be in conversation with contemporary theology Yet too often the two groups fail to engage each other's work in significant  
and productive ways The purpose of the Library of Biblical Theology and this introductory volume to it is to bring the worlds  
of biblical scholarship and constructive theology together It will do so by reviving biblical theology as a discipline that  
describes the faith of the biblical periods on the one hand and on the other hand articulates normative understandings of  
modern faith and practice In this volume the authors begin by providing an overview of the history and possible future of  
biblical theology They introduce biblical theology as a fundamentally contrastive discipline one that is neither dogmatic  
theology seeking to explain the official teachings of a particular Christian tradition nor is it a purely historical approach to  
Scripture eschewing questions of the Bible's contemporary message and meaning Rather biblical theology takes seriously  
both the need to understand the message of Scripture in its particular historical context and the need to address that  
message to questions that confront contemporary human life      Were Our Mouths Filled With Song Eric L.  
Friedland, 1997-11-01 Since the period in which the Jewish liturgy was standardized there has hardly been a time when it was  
not somehow in a state of flux Eric L Friedland explores the countless ways that the Siddur Mahzor and Haggadah have been  
adjusted amplified or transformed so as to faithfully mirror modern Jews understanding of themselves their place in society  
and their sancta In the tradition of liturgologists such as Elbogen Idelsohn and Petuchowski Friedland focuses on latter day  
adaptations of the prayerbook giving proper recognition to the recent concern for intellectual integrity cultural congruity  
group and individual self redefinition and honest speech in Jewish prayer The prayerbooks themselves are witnesses to  
innovation in the Jewish liturgy From David Einhorn's Olath Tamid Baltimore 1855 to Isaac Mayer Wise's Minhag Amerika  
Cincinnati 1857 and Marcus Jastrow's 1873 revision of Benjamin Szold's Abodath Israel Baltimore 1864 Friedland analyzes  
evidence of creativity in British and American Reform Jewish liturgy Various rites for the Days of Awe provide a particularly  
accurate glimpse of how Jewish communities here and abroad experience the sacred consider eternal mysteries and  
communicate with God Friedland also sets the Reform Gates of Prayer in historical and denominational perspective by  
considering it alongside the Reconstructionist Kol Haneshamah and the Israeli Progressive HaAvodah shebaLev The state  
and direction of liturgical change emerges from a survey of commonalities and divergences in nineteenth and twentieth

century prayerbooks in terms of Sephardic and mystical influences attitudes toward the messianic hope and collective sentiments of forgiveness or vengeance toward Israel s enemies Liturgical approaches to the commemoration of the Ninth of Av suggest that even an ancient fast day can recover relevance credibility and authenticity for Liberal Jews in the postmodern era

**A History of the Mishnaic Law of Damages, Part 1** Jacob Neusner,2007-04-01 The history of Jews from the period of the Second Temple to the rise of Islam From A History of the Mishnaic Law of Appointed Times Part 1 This volume introduces the sources of Judaism in late antiquity to scholars in adjacent fields such as the study of the Old and New Testaments Ancient History the ancient Near East and the history of religion In two volumes leading American Israeli and European specialists in the history literature theology and archaeology of Judaism offer factual answers to the two questions that the study of any religion in ancient times must raise The first is what are the sources written and in material culture that inform us about that religion The second is how have we to understand those sources in reconstructing the history of various Judaic systems in antiquity The chapters set forth in simple statements intelligible to non specialists the facts which the sources provide Because of the nature of the subject and acute interest in it the specialists also raise some questions particular to the study of Judaism dealing with its historical relationship with nascent Christianity in New Testament times The work forms the starting point for the study of all the principal questions concerning Judaism in late antiquity and sets forth the most current critical results of scholarship

**The Jewish Legal Tradition** Ari Mermelstein,Suzanne Last Stone,Yair Lorberbaum,2025-02-28 This book provides an in depth exploration of the Jewish legal tradition or halakhah through the lens of modern legal philosophy The interdisciplinary approach of the book makes complex ideas accessible offering insights into how Jewish legal thought both parallels and diverges from modern legal theory By examining primary sources through a contemporary legal theoretical framework the volume offers a pedagogical approach to halakhah Readers will gain a nuanced understanding of the deep structure of Jewish law through the rigorous application of modern legal philosophy The book s structured approach dividing chapters into conceptual discussions primary source analyses and synthetic reflections provides a comprehensive guide for exploring Jewish legal thought The collection not only enhances the study of halakhah but also contributes to broader discussions in legal theory and philosophy making it a valuable resource for diverse audiences The book is intended for scholars and students of Jewish law legal theory and Jewish studies It is also designed for law schools Judaic studies programs and lay readers interested in the philosophical dimensions of religious legal systems

**Jewish Manuscripts, Prayers and Scholars** Stefan C. Reif,2024-12-30 The introduction offers some thoughts on each of the four areas covered by the essays and draws some broad conclusions Studies of the history of manuscripts and of their acquisition demonstrate their impact on research into Jewish studies and on modern Judaism s understanding of itself What emerges from liturgical studies here included is how important it is not only to analyze texts but also to identify overall historical geographical and cultural developments Prayer may have been used as an educational tool and in turn influenced

educational ideas and agendas The liturgical themes that occur and recur over the centuries and especially in the talmudic and medieval periods reflect the ideological and theological notions that lie behind prayer texts and the variant forms that they take Some common prayers are seen to include concepts of time views of creation attitudes to non Jews and definitions of Jewish peoplehood The appreciations of some leading modern scholars of Jewish studies set them in their educational historical and religious contexts and indicate what they had in common as experts in scientific Jewish studies as well as what remained individual about their lives research publications and achievements *Past Imperatives* Louis E.

Newman,2012-02-01 *Past Imperatives* explores the nature and development of Jewish ethics by analyzing three important sets of issues the relationship between Jewish law and ethics the relationship between Jewish ethics and theology and the problems and prospects for constructing a contemporary Jewish ethic The penetrating and provocative essays are drawn from a number of fields including legal theory literary theory and theory of religion These studies illuminate many previously uninvestigated aspects of Jewish biomedical ethics covenant theology and textual interpretation in Judaism By exploring these issues within the larger context of historical and theoretical work in religious studies *Past Imperatives* moves beyond previous work in Jewish ethics which has largely sought to offer moral guidance from a Jewish perspective This volume boldly confronts the fact that Judaism encompasses many sometimes contradictory ethical perspectives and investigates their theological underpinnings how they have developed and how they differ from other moral and or religious perspectives
