Samuel Sebastian Wesley Border Lines Series:

Samuel Sebastian Wesley Donald Hunt,1990 **Philip Wilson Steer** Ysanne Holt,1992 Philip Wilson Steer 1860 1942 spent his childhood and youth at Whitchurch near Ross on Wye just three miles from the English Welsh border and studied at the Gloucester College of Art He was at the centre of much controversy in the British art world at the end of the nineteenth century and was a prime mover in the adoption of French Impressionist techniques during that period Although much criticised for this role Steer taught at the Slade for many years and was a friend of Sargent Sickert and other influential artists Eventually his stunning landscapes caught the mood of loss and of Englishness in the inter war years and he became one of the most popular and admired artists in Britain This timely study of Steer the first for twenty years explores his importance to British art and charts the influence of the Impressionists Turner Constable and Gainsborough on his work It is also a fascinating story of how a modest and unassuming man devoted himself to art even in the face of increasing blindness and became a leader of opinion through his painting Ysanne Holt lectures on the History of Art at the Newcastle College of Art and Design and at the University of Northumbria at Newcastle She is an authority on twentieth century British art especially at the Slade school **Bibliographic Guide to Music** New York Public Library. Music Division,1994 **Catalogue** Sotheby, Wilkinson & Hodge,1917 *Raymond Williams* Tony Pinkney,1991 Raymond Williams 1921 1988 was one of the most original and influential thinkers of the post war period Many know him for his work on mass culture and his left wing literary criticism yet he is also the author of six novels set in his native Welsh border country This area was central to all of Williams work and it seems likely that his novels meant more to him than his other writing This is the first critical study of the novels *Border Country* *Second Generation* *The Fight for Manod* *The Volunteers* *Loyalties* and *People of the Black Mountains* In it Tony Pinkney sees the novels as the battleground of political and cultural forces particularly modernism realism and postmodernism In these books he contends Williams found a way to dramatise the pressures which society bears upon us and the ways in which we might alter that society His close reading of the novels is an invaluable guide to them and to their author *A Biographical Dictionary of 18th Century Methodism* Samuel J. Rogal,1997 Presenting biographical sketches of all those connected with John and Charles Wesley during the 50 years that they travelled throughout Britain USA the European continent and the American Colonies Entries are arranged alphabetically followed by biographical information *A Biographical Dictionary of 18th Century Methodism: R-Smi* Samuel J.
