## **Samurai Warfare And The State In Early Medieval Japan:**

**Samurai, Warfare and the State in Early Medieval Japan** Karl F. Friday, 2004 This book is a broadly cast study of the purposes methods technology and mores of warfare among the early samurai and their relationship to the polity and social structure of tenth to fourteenth century Japan **Samurai, Warfare and the State in Early Medieval Japan** Karl F.

Friday, 2004-01 A study of the institution of war in Japan over seven centuries **War and State Building in Medieval**

**Japan** John A. Ferejohn, Frances McCall Rosenbluth, 2010-04-20 The nation state as we know it is a mere four or five hundred years old Remarkably a central government with vast territorial control emerged in Japan at around the same time as it did in Europe through the process of mobilizing fiscal resources and manpower for bloody wars between the 16th and 17th centuries This book which brings Japan's case into conversation with the history of state building in Europe points to similar factors that were present in both places population growth eroded clientelistic relationships between farmers and estate holders creating conditions for intense competition over territory and in the ensuing instability and violence farmers were driven to make Hobbesian bargains of taxes in exchange for physical security *Akutō and Rural Conflict in Medieval Japan* Morten Oxenboell, 2018-05-31 This volume offers the first in depth analysis in English of an understudied phenomenon in medieval Japanese history the so called akut literally evil bands Employing chronicles laws and legal documents from the thirteenth and fourteenth centuries as well as recent Japanese scholarship Morten Oxenboell examines the significance of akut in legal proceedings to provide a nuanced understanding of how rural communities organized for and engaged in violent conflicts He deconstructs the image of akut as instigators of violence by underlining the significance of the term as a rhetorical device used by litigants to voice their grievances in Kamakura legal proceedings The many instances in which akut appear offer a clear example of the ways in which the new legal vocabulary concealed realities behind rhetorical flourishes and narratives of violence and predation Violence was certainly a part of the negotiation for rights and privileges in the estate system and Oxenboell demonstrates how conflicts developed and were untangled by local actors who were rarely given a voice in sources from this period By peeling away the rhetoric he presents us a unique view of rural populations organizing their communities in the face of violence whether as victims of outside aggression or as aggressors themselves against landlords or neighbors The book therefore goes beyond the usual focus on elites in medieval Japanese history by concentrating on local mobilization schemes and strategies which were often framed and defamed by central elites Rural residents who could not rely on the authorities for protection handled their own security concerns via complex social mechanisms that tied together locals and absentee landlords in an uneasy relationship of mutual dependency By examining the fissures in this relationship in the form of akut complaints Oxenboell shows that violent activism was part of the daily management of estates and that such conflicts do not indicate an absence of order but rather a system of checks and balances that helped create a vibrant society **Routledge Handbook of Premodern Japanese History** Karl F.

Friday,2017-07-14 Scholarship on premodern Japan has grown spectacularly over the past four decades in both sophistication and volume The new scholarship sees a higher reliance on primary documents a shift away from the history of elites to broader exploration of social structures and a reexamination of many of the key tenets which were once the received wisdom Providing a primarily historiographical review this handbook highlights the recent innovations and major themes that have developed in the study of premodern Japanese history Covering Japanese history to 1600 The Routledge Handbook of Japanese History is an essential reference work for any student and researcher on Japanese Asian and World History

**Military Thought of Asia** Kaushik Roy,2020-11-04 Military Thought of Asia challenges the assertion that the generation of rational secular ideas about the conduct of warfare is the preserve of the West by analysing the history of ideas of warfare in Asia from the ancient period to the present The volume takes a transcontinental and comparative approach to provide a broad overview of the evolution of military thought in Asia The military traditions and theories which have emerged in different parts of Eurasia throughout history are products of geopolitics and unique to the different regions The book considers the systematic and tight representation of ideas by famous figures including Kautlya and Sun Tzu At the same time it also highlights publications on military affairs by small men like mid ranking officers and scattered ideas regarding the origin nature and societal impact of organised violence present in miscellaneous sources like coins inscriptions paintings and fictional literature In so doing the book fills a historiographical gap in scholarship on military thought which marginalises Asia to the part of cameo and historicises the evolution of theory and the praxis of warfare The volume shows that the East has a long unbroken tradition of conceptualising war and its place in society from the Classical Era to the Information Age It is essential reading for those interested in the evolution of military thought throughout history particularly in Asia

*Warfare, State and Society on the Black Sea Steppe, 1500-1700* Brian Davies,2014-04-04 This crucial period in Russia s history has been neglected by historians but Brian Davies study provides an essential insight into the emergence of Russia as a great power

Japan Emerging Karl Friday,2018-04-19 Japan Emerging provides a comprehensive survey of Japan from prehistory to the nineteenth century Incorporating the latest scholarship and methodology leading authorities writing specifically for this volume outline and explore the main developments in Japanese life through ancient classical medieval and early modern periods Instead of relying solely on lists of dates and prominent names the authors focus on why and how Japanese political social economic and intellectual life evolved Each part begins with a timeline and a set of guiding questions and issues to help orient readers and enhance continuity Engaging thorough and accessible this is an essential text for all students and scholars of Japanese history

Warfare in the Ancient Near East to 1600 BC William J. Hamblin,2006-09-27 The only book available that covers this subject Warfare in the Ancient Near East is a groundbreaking and fascinating study of ancient near Eastern military history from the Neolithic era to the middle Bronze Ages Drawing on an extensive range of textual artistic and archaeological data William J Hamblin synthesizes current knowledge and offers a detailed analysis of the

military technology ideology and practices of Near Eastern warfare Paying particular attention to the earliest known examples of holy war ideology in Mesopotamia and Egypt Hamblin focuses on recruitment and training of the infantry the logistics and weaponry of warfare the shift from stone to metal weapons the role played by magic narratives of combat and artistic representations of battle the origins and development of the chariot as military transportation fortifications and siegecraft developments in naval warfare Beautifully illustrated including maps of the region this book is essential for experts and non specialists alike

**European Warfare in a Global Context, 1660-1815** Jeremy Black,2007-02-12 This original book presents a global approach to eighteenth century warfare Emphasis is placed on the importance of conflict in the period and the capacity for decisiveness in impact and development in method Through this Jeremy Black extends the view beyond land to naval conflict European Warfare in a Global Context offers a comparative approach in the sense of considering Western developments alongside those elsewhere furthermore it puts emphasis on conflict between Western and non western powers This approach necessarily reconsiders developments within the West but also offers a shift in emphasis from standard narrative of the latter This book is the ideal study of warfare for all students

The Cambridge World History: Volume 5, Expanding Webs of Exchange and Conflict, 500CE-1500CE Benjamin Z. Kedar,Merry E. Wiesner-Hanks,2015-04-09 Volume 5 of the Cambridge World History series uncovers the cross cultural exchange and conquest and the accompanying growth of regional and trans regional states religions and economic systems during the period 500 to 1500 CE The volume begins by outlining a series of core issues and processes across the world including human relations with nature gender and family social hierarchies education and warfare Further essays examine maritime and land based networks of long distance trade and migration in agricultural and nomadic societies and the transmission and exchange of cultural forms scientific knowledge technologies and text based religious systems that accompanied these The final section surveys the development of centralized regional states and empires in both the eastern and western hemispheres Together these essays by an international team of leading authors show how processes furthering cultural commercial and political integration within and between various regions of the world made this millennium a proto global era

*The Cambridge World History* Merry E. Wiesner-Hanks,David Christian,Graeme Barker,Benjamin Z. Kedar,Norman Yoffee,Craig Benjamin,Jerry H. Bentley,John Robert McNeill,2015 The most comprehensive account yet of the human past from prehistory to the present

*Indian Wars of Canada, Mexico and the United States, 1812-1900* Bruce Vandervort,2007-05-07 Fully illustrated this unique and fascinating study sheds new light on familiar events Drawing on anthropology and ethnohistory as well as the new military history this book interprets and compares the way Indians and European Americans waged wars in Canada Mexico the USA and Yucatán during the nineteenth century

**Warfare and Society in Europe** Michael S. Neiberg,2004 Combining a traditional survey of military history with a survey of social issues Michael S Neiberg examines warfare in Europe from the Fashoda conflict in modern day Sudan to the recent war in Iraq

The Peloponnesian War Professor J F Lazenby, J.F Lazenby, 2004-06 A detailed military history of one of the most momentous episodes in ancient history

**Term Paper Resource Guide to Medieval History** Jean Shepherd Hamm, 2009-11-25 Help students get the most out of studying medieval history with this comprehensive and practical research guide to topics and resources Term Paper Resource Guide to Medieval History brings key historic events and individuals alive to enrich and stimulate students in challenging and enjoyable ways Students from high school to college will be able to get a jump start on assignments with the hundreds of term paper projects and research information offered here The book transforms and elevates the research experience and will prove an invaluable resource for motivating and educating students Each event entry begins with a brief summary to pique interest and then offers original and thought provoking term paper ideas in both standard and alternative formats that often incorporate the latest in electronic media such as the iPod and iMovie The best primary and secondary sources for further research are annotated followed by vetted stable website suggestions and multimedia resources usually films for further viewing and listening

**The Wars of the French Revolution and Napoleon, 1792-1815** Owen Connelly, 2012-10-02 Written by an experienced author and expert in the field Wars of the French Revolution and Napoleon 1792 1815 provides a thorough re examination of the crucial period in the history of France for students of history and military studies Based on extensive research and including twenty detailed maps this study is unique in its focus on the wars of both the French Revolution and Napoleon Owen Connelly expertly analyzes them both to provide a broader context for warfare Examining the causes of the wars and how the practices of warfare during this period were to influence mode of combat throughout the nineteenth and twentieth centuries Connelly also establishes trends discernable in the First and Second World Wars and examines key issues including the impact of the population explosion on armies and war the legacy of the ancient regime impact on revolutionary armies the impact of the Revolution on leadership strategy organization and weaponry Was Napoleon s leadership style unique or could another have played his role contributions from the governments of the early Revolution the Terror the Directory and the Napoleonic regime What did twenty three successive years of war accomplish Was this era a turning point in the history of warfare

Science, Technology, Imperialism, and War Jyoti Bhusan Das Gupta, 2007 The Volume Science Technology Imperialism And War Interlinks The Concerned Themes To Present A Coherent Analysis Of The Development Of Related Ideas And Institutions In The Subcontinent The Chapters On Science Therefore Look At The Cognitive And Socio Historical Aspects Of Science Relating The Same With The Establishment And Spread Of Imperialism In India With Its Application To Develop Technologies And With The Use Of Such Technologies To Fund The Major Preoccupation Of Imperialism War Likewise The Section On Technology Leads The Reader To A Search For Its Very Probable Links With Imperialism And War The Section On Imperialism Offers Four Themes In The Edited Volume The First One Deals With Its Theories The Second With Its Link With Colonialism And The Third And The Fourth Follow Its Manifestation In The Russian And British Adventures Chiefly In Central

Asia And India The Depecdence Of Imperialism On War Looms Large War The Concluding Theme Of This Exercise Is The Saturation Point Of Himan Efforts To Subjugate And Dominate Others The Scholars Writing In This Section Critically Survey The Various Kinds Of War Conventional Limited And Nuclear And A Detailed And Insightful Analysis Of The Cold War By The Editor Completes The Picture This Volume Will Prove Invaluable To Scholars And Students Of South Asian Studies History Political Science And International Relations And Defence Studies Alike War in the Modern World, 1990-2014 Jeremy Black,2014-09-15 In War in the Modern World 1990 2014 Jeremy Black looks at the most modern of conflicts from the perspective that war is a central feature of the modern world Arguing that understanding non Western developments is crucial if the potential of Western war making is to be assessed accurately the book also asserts that knowing the history of conflict can only help future generations Black argues for the need to emphasise the variety of military circumstances as well as the extent to which the understanding of force and the definitions of victory and defeat are guided by cultural assumptions War has a multi faceted impact in the modern world and this book shows its significance As the latest volume in the Warfare and History series this title takes a global and historical perspective on modern warfare enabling the reader to approach familiar conflicts through a new analytical framework This book is an invaluable resource for all students of the history of modern warfare **A Companion to World History** Douglas Northrop,2014-12-15 A COMPANION TOWORLD HISTORY This new volume offers insightful reflections by both leading and emerging world historians on approaches methodologies arguments and pedagogies of a sub discipline that has continued to be in flux as well as in need of defining itself as a relevant alternative to the traditional national regional or chronological fields of inquiry Choice The focus on the practicalities of how to do world history probably gives it its edge Its thirty three chapters are grouped into sections that address how to set up research projects in world history how to teach it how to get jobs in it how to frame it and how it is done in various parts of the globe It is an actual handbook in other words as opposed to a sample of exemplary work English Historical Review A Companion to World History offers a comprehensive overview of the variety of approaches and practices utilized in the field of world and global history This state of the art collection of more than 30 insightful essays including contributions from an international cast of leading world historians and emerging scholars in the field identifies continuing areas of contention disagreement and divergence while pointing out fruitful directions for further discussion and research Themes and topics explored include the lineages and trajectories of world history key ideas and methods employed by world historians the teaching of world history and how it draws upon and challenges traditional approaches and global approaches to writing world history By considering these interwoven issues of scholarship and pedagogy from a transnational interregional and world global scale fresh insights are gained and new challenges posed With its rich compendium of diverse viewpoints A Companion to World History is an essential resource for the study of the world s past
