Secret Historian Justin Spring,2010-08-17 2010 National Book Award Finalist for Nonfiction Drawn from the secret never before seen diaries journals and sexual records of the novelist poet and university professor Samuel M Steward *Secret Historian* is a sensational reconstruction of one of the more extraordinary hidden lives of the twentieth century An intimate friend of Gertrude Stein Alice B Toklas and Thornton Wilder Steward maintained a secret sex life from childhood on and documented these experiences in brilliantly vivid and often very funny detail After leaving the world of academe to become Phil Sparrow a

tattoo artist on Chicago's notorious South State Street Steward worked closely with Alfred Kinsey on his landmark sex research. During the early 1960s Steward changed his name and identity once again this time to write exceptionally literate upbeat pro homosexual pornography under the name of Phil Andros. Until today he has been known only as Phil Sparrow but an extraordinary archive of his papers lost since his death in 1993 has provided Justin Spring with the material for an exceptionally compassionate and brilliantly illuminating life and times biography. More than merely the story of one remarkable man Justin Spring's *Secret Historian* is a moving portrait of homosexual life long before Stonewall and gay liberation.

Insurgent Public Space Jeffrey Hou, 2010-04-21 Winner of the EDRA book prize for 2012. In cities around the world individuals and groups are reclaiming and creating urban sites temporary spaces and informal gathering places. These insurgent public spaces challenge conventional views of how urban areas are defined and used and how they can transform the city environment. No longer confined to traditional public areas like neighbourhood parks and public plazas these guerrilla spaces express the alternative social and spatial relationships in our changing cities. With nearly twenty illustrated case studies this volume shows how instances of insurgent public space occur across the world. Examples range from community gardening in Seattle and Los Angeles street dancing in Beijing to the transformation of parking spaces into temporary parks in San Francisco. Drawing on the experiences and knowledge of individuals extensively engaged in the actual implementation of these spaces *Insurgent Public Space* is a unique cross disciplinary approach to the study of public space use and how it is utilized in the contemporary urban world. Appealing to professionals and students in both urban studies and more social courses Hou has brought together valuable commentaries on an area of urbanism which has up until now been largely ignored.
