## San Jacintos:

Idyllwild and the High San Jacintos Robert B. Smith, Idyllwild Area Historical Society, 2009-04-20 Southern California's hidden treasure lies in the San Jacinto Mountains. Capped by the last 10,000 foot peaks on the way to Mexico, these mountains have enriched human lives for centuries. Discovered by loggers in 1876, partially stripped of their trees during California's first population boom in the 1880s, then protected by federal edict in 1897, these mountains attracted a special breed of settler. The uncommon village of Idyllwild was created by common people who were enchanted by the surrounding forest wilderness. Isolated here, high above the chaos of modern life, they have preserved a vestige of mid 20th century small town America in the woods. This collection of around 200 previously unpublished photographs, including stunning images by the gifted photographers Avery Field and Harry Wendelken, offers glimpses of the paths along which village and wilderness have shaped each other.

**Saunders Meadow - A Place Without Fences, A History of The Term Occupancy Permit Act of 1915** Dr. Robert Reyes, PhD, 2016-08-23 On March 4, 1915 with the prompting and support of the US Forest Service Congress passed the Occupancy Act. This Special Use Permit allowed private citizens the opportunity to occupy national forest or public domain lands for a certain period of time for family recreation, summer homes, campgrounds, resorts, and stores. Author Dr. Robert Reyes provides readers with the first comprehensive collection of facts and details on the Term Occupancy Permit Act of 1915 which helps owners register their cabins as National Historic Places. With 14,000 out of the original 20,000 cabins still in existence it's imperative that the historical significance of the Term Occupancy Permit Act is conserved for both current and prospective generations of cabin owners to reference and utilize. Thanks to the exhaustive research and devotion of Dr. Robert Reyes, *Saunders Meadow: A Place Without Fences* masterfully accomplishes that important task in this comprehensive and invaluable body of work.

***Rattlesnakes and Bald Eagles*** Chris Townsend, 2016-11-06 As probably the world's most experienced long distance walker who also writes, Chris Townsend has many stories to tell and many photographs with which to illustrate them. Of all his adventures, those he enjoyed on America's Pacific Crest Trail in the 80s are among his favourites. The Pacific Crest Trail runs 2,600 miles from Mexico to Canada through desert, forest, and mountain wildernesses. In *Rattlesnakes and Bald Eagles*, Chris recounts not only his own six month walk but also the longer story of the Trail itself, sharing his ideas and reflections on how the trail is developing its future and consequent challenges.

***Journeys North*** Barney Scout Mann, 2020-08-01 There's anguish, there's love, there's Nutella, and there are miles and miles to cover. Los Angeles Times Banff Mountain Book Competition Finalist. In *Journeys North*, legendary trail angel and thru hiker Barney Scout Mann spins a compelling tale of six hikers on the Pacific Crest Trail in 2007 as they walk from Mexico to Canada. This ensemble story unfolds as these half dozen hikers, including Barney and his wife Sandy, trod north slowly, forming relationships and revealing their deepest secrets and aspirations. They face a once in a generation drought and early severe winter storms that test their will in this bare knuckled adventure. In fact, only a third of all the hikers who set out on the trail that year would finish. As the group approaches Canada, a storm rages. How will these very different hikers, ranging in age, gender, and background, respond to the hardship and suffering ahead of them? Can they all make the final 60 mile push through freezing temperatures, sleet, and snow, or will some reach their breaking point? *Journeys North* is a story of grit.
