Congress. House. Committee on Foreign Affairs,1988      **Effective Sanctions on South Africa** George W. Shepherd,1991-03-22 This work as its title suggests is a testament to the fact that economic sanctions are effective instruments of change in South Africa George W Shepherd Jr and the other contributing writers provide us with a glimpse inside South Africa as well as a reflection of the emerging humanitarian global system Shepherd and the others demonstrate both theoretically and empirically important lessons in the use and effectiveness of international and nongovernmental economic sanctions in influencing the internal affairs of other nations in order to limit human rights violations After an introductory chapter on effective sanctions and the economic impact in South Africa contributed chapters demonstrate that the international legal basis for racial equality in the world is not spent Others point to the role of nongovernmental organizations in pressuring corporations and banks the possibility of influencing ruling elites the shift in U S policy to include sanctions in its anti apartheid stance and the replacement of Western military support of apartheid by growing international economic prohibition of new investments and limitations of trade Most significantly this book shows how the economy and politics of South Africa have been moved toward negotiations by both external and internal anti apartheid pressures This important new book concludes with a thorough bibliography and helpful indices that document the actions taken against South Africa      **The Political Economy of Sanctions Against Apartheid** Haider Khan,1989-01-01      **Sanctions for Nuclear Disarmament and Non-Proliferation** Armend Bekaj,Peter Wallensteen,2024-09-02 This book examines the interplay between sanctions and nuclear disarmament and non proliferation The volume aims to tackle three separate but closely intertwined issues It aims to revisit the debate on and deconstruct the concept of sanctions to provide a working theoretical framework to differentiate between positive sanctions or incentives or carrots and negative sanctions to identify the actors who may initiate sanctions i e states regional and or international organizations to ascertain the legality and legitimacy of such sanctions taking place to problematize and discuss the utility of sanctions and so on It aims to disentangle the concepts of nuclear disarmament and non proliferation particularly in light of the most recent geopolitical global shifts on nuclear powers interplay taking place in the background of the war in Ukraine and rising tensions in Southeast Asia and so on Finally it aims to conjoin the cause and effect cases

between the application of sanctions on the one hand and the decision by states to pursue nuclear disarmament and non proliferation on the other By doing so the volume helps to update and stimulate the academic and policy debate on the inter relation between sanctions and nuclear disarmament and non proliferation This book will be of much interest to students of nuclear non proliferation economic sanctions security studies and International Relations *Sanctions as War*, 2021-12-20

Sanctioning Apartheid Robert R. Edgar, 1990 **Regional Intervention Politics in Africa** Stefanie Wodrig, 2017-02-24 This book analyses regional interventions in African conflict spaces by engaging with political discourse theory Interventions are a performance of agency but what happens if interventions are performed by forces that scholars have hardly ever

considered as relevant agents in this regard Based on a study of regional politics towards the crises in Burundi and Zimbabwe the book analyses how these interventions shaped and changed the emerging regional interveners The book engages political discourse theory proposing an understanding of intervention as a field in which multiple and heterogeneous interpretations of the violence the crisis and the future post conflict order meet It is not hard to imagine that this encounter is not harmonious per se but full of frictions By making use of political discourse theory as a grammar for studying the complexity of an intervention the focus is directed to the emerging subjectivities of regional interveners This enables a view of regional interventions that neither reduces their subjectivity to universalist categories associated with liberal peace nor overenthusiastically embraces them as the solution to all problems This book will be of interest to students of international intervention discourse theory African politics war and conflict studies security studies and IR Economic Sanctions Reconsidered: History and current policy Gary Clyde Hufbauer, Jeffrey J.
