**Arts & Humanities Citation Index**, 1988 A multidisciplinary index covering the journal literature of the arts and humanities It fully covers 1 144 of the world s leading arts and humanities journals and it indexes individually selected relevant items from over 6 800 major science and social science journals **The Integrity of the Yoga Darśana** Ian Whicher, 1998-01-01 Maintains that the Yoga Sutras do not advocate abandonment of the world but rather support a stance that enables one to live more fully in the world without being enslaved by worldly identification **The Vedanta Kesari**, 1995 **Forthcoming Books** Rose Arny, 1988 *Changing Minds* Michele Marie Desmarais, 2008 This book by Dr Desmarais is by all means a positive contribution in the field of Yoga Indology and cognitive neurosciences It covers Eastern and Western ancient and modern religion and metaphysics psychology and epistemology as well as the cultural heritage for these The book is arranged in six chapters using our common concept of show as a metaphysical stage getting ready for the show entering the theatre taking the stage all the world as stage following the plot thickening of the plot and finally the lights come up This has its source in the Samkhya metaphor of prakṛti as analogous to a divine actor on the world stage and in a cosmic drama Another symbolic metaphor that comes before our mind is that of Ardhanarīnatesvara of Lord Śiva depicted as the Cosmic divine Supreme actor endowed with half female in his person The reader the spectator or audience member symbolizes the Puruṣa of Samkhya and yoga CONTENTS Acknowledgements Foreword Abbreviations Introductions Getting Ready for the Show 1 Entering the Theatre 2 Taking the Stage 3 All the World s a Stage 4 Following the Plot 5 The Plot Thickens 6 Lights Up References Index *Natural Realism and Contact Theory of Perception* Chittaranjan Naik, 2019-09-27 If you were told that we perceive the world directly without the causal intervention of the physical brain or that we see the distant stars instantaneously without their light having to reach our sense organs would the idea sound incredible to you Farfetched as it may seem this idea the author argues comes from the time tested contact theory of perception Upheld by the Indian philosophical tradition for over 2000 years it unfolds a definitively coherent process of

perception unlike the stimulus response theory of perception espoused by empirical science which suffers from a host of logical inconsistencies The contact theory of perception is a paradigm changing theory and it has the potential to take us to a domain of knowledge beyond science and to cause a radical transformation in the way we look at the universe we live in Although a serious philosophical work the language and lucid style of the presentation should appeal to a wide spectrum of people from academic philosophers to curious aspirants If philosophy or the philosophical traditions of India interests you you cannot afford to ignore this book But be forewarned it will challenge the deep rooted ideas that have become integral to your personal consciousness

**Sankara on the Yoga Sutras** Trevor Leggett, 2017-01-01 This is a complete English translation of a highly significant Sanskrit sub commentary vivarana purporting to be by Sankara on the Yoga Sutras of Patanjali The vivarana is written with great originality The long commentary on God completely jettisons the narrow sutra definition in favour of a supreme Creator as evidenced by many ingenious arguments on the lines of the present day cosmological anthropic principle The doctrine that the future already exists and that time is purely relative anticipate the Einstein era
