From Page to Screen / Vom Buch zum Film Manuel Almagro-Jiménez,Eva Parra-Membrives,2020-10-05 For a long
time now women have struggled for the vindication of their rights and for their visibility This struggle may seem a story of
success maybe not complete or equal for all women but at least one which slowly but surely carries with it the promise of
equality for all women However a closer look reveals that in various fields of culture the representation of women frequently
undergoes a manipulation which makes the image of women lose the intention initially attempted This is often the case with
adaptations of literary texts to the screen when the initial literary message is changed because of for example marketing
demands or some ideological stance Rarely do we find the opposite case where the indifferent or emasculated original female
characters are turned into guardians and or apologists of feminine power The present volume focuses precisely on the way in
which the image of women is modified in films and TV series when compared with the original literary texts **Billboard**
