Santal A Tribe In Search Of A Great Tradition:

The Santal Martin Orans,1965 The Dynamics of Santal Traditions in a Peasant Society George E. Somers,1985-12

An Untouchable Community in South India Michael Moffatt,2015-03-08 While many studies suggest that Indian Untouchables do not entirely share the hierarchical values characteristic of the caste system Michael Moffatt argues that the most striking feature of the lowest castes is their pervasive cultural consensus with those higher in the system Though rural Untouchables question their particular position in the system they seldom question the system as a whole and they maintain among themselves a set of hierarchical conceptions and institutions virtually identical to those of the dominant social order Based on fourteen months of fieldwork with Untouchable castes in two villages in Tamil Nadu south India Professor Moffatt s analysis specifies ways in which the Untouchables are both excluded and included by the higher castes Ethnographically he pursues his structural analysis in two related domains Untouchable social structure and Untouchable religious belief and practice The author finds that in those aspects of their lives where Untouchables are excluded from larger village life they replicate in their own community nearly every institution role and ranked relation from which they have been excluded Where the Untouchables are included by the higher castes they complete the hierarchical whole by accepting their low position and playing their assigned roles Thus the most oppressed members of Indian society are often among the truest believers in the system Originally published in 1979 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 Vernacular Catholicism, Vernacular Saints Reid B. Locklin,2017-03-27 A collection of Raj s groundbreaking ethnographic studies of vernacular Catholic traditions in Tamil Nadu India At the turn of the twenty first century Selva J Raj 1952 2008 was one of the most important scholars of popular Indian Christianity and South Asian religion in North America Vernacular Catholicism Vernacular Saints gathers together for the first time in a single volume a series of his groundbreaking studies on the distinctively vernacular Catholic traditions of Tamil Nadu in southeast India This collection which focuses on four rural shrines highlights ritual variety and ritual transgression in Tamil Catholic practice and offers clues to the ritual exchange religious hybridity and dialogue occurring at the grassroots level between Tamil Catholics and their Hindu and Muslim neighbors Raj also advances a new and alternative paradigm for interreligious dialogue that radically differs from models advocated by theologians clergy and other religious elite In addition essays by other leading scholars of Indian Christianity and South Asian religions Michael Amaladoss Purushottama Bilimoria Corinne G Dempsey Eliza F Kent and Vasudha Narayanan are included that amplify and creatively extend Raj s work a fine volume about the interaction between Hinduism

and Christianity in South India from the Afterword by Wendy Doniger **The Hill of Flutes** W.G. Archer,2021-06-23
