The central core of master's teaching: Until man can free himself from false identifications, from pretensions and delusions of various kinds, he cannot come face to face with the eternal verity that is latent within his own self. "What the mind invents, the mind destroys. But the real is not invented and cannot be destroyed ..." says Maharaj.

*The Wisdom of Sri Nisargadatta Maharaj*

Edited by Jean Dunn

The wisdom contained in this collection, edited by Jean Dunn, emerged from dialogues with those who came from all over the world to learn the mysteries of life at the feet of Sri Nisargadatta Maharaj, one of the most revered holy men of India.

The residence of this renowned spiritual guide was a tiny room in a crowded and noisy street in Bombay. Maurice Frydman, who immortalized Maharaj's teachings in the first collection of the dialogues, *I AM THAT*, in 1973, vividly describes the man and his surroundings: "In the humble abode of Sri Nisargadatta Maharaj, but for the electric lights and the noises of the street traffic, one would not know in which period of human history one dwells. There is an atmosphere of timelessness about this tiny room; the subjects discussed are timeless—valid for all times. The way they are expounded and examined is also timeless . . . one deals with matters immensely ancient and eternally new . . . Whence came it? What am I? Whether go I? Such questions have no beginning and will never end. And it is crucial to know the answers, for without the full understanding of oneself, both in time and in timelessness, life is but a dream, imposed upon us by powers we do not know, for purposes we cannot grasp."

Maharaj's admonition to "be" and to know what one "is"—in the sense of timeless being—emerges from these dialogues and will touch the lives of many for a long time to come. The conversations recorded by Jean Dunn, an ardent follower of Maharaj, in *Seeds of Consciousness* and a companion volume, *Prior to Consciousness*, make an invaluable contribution to the body of his spiritual testament. These conversations continue to provide insights for modern man in his spiritual journeys, leading him out of suffering and sorrow.

Zu, 2025-03-18 *Just Awakening* uncovers a forgotten philosophy of social democracy inspired by Yogachara an ancient nondualistic Buddhist philosophy that claims everything in the perceptible cosmos is mere consciousness and consists of multiple karmically connected yet bounded lifeworlds This Yogachara social philosophy emerged in the late nineteenth and early twentieth centuries among Chinese intellectuals who struggled against the violent Social Darwinist logic of the survival of the fittest Its proponents were convinced that the root cause of crisis in both China and the West was epistemic an unexamined faith in one common objective world and a subject-object divide This dualistic paradigm in their view had dire consequences including moral egoism competition for material wealth and racial war Yogachara insights about plurality interdependence and intersubjectivity however had the capacity to awaken the world from these deadly dreams Jessica X. Zu reconstructs this account of modern Yogachara philosophy arguing that it offers new vocabularies with which to reconceptualize equality and freedom Yogachara thinking she shows diffracts the illusions of individual identity social categories and material wealth into aggregated recurring karmic processes It then guides the reassembly of a complex society through nonhierarchical noncoercive and collaborative actions sustained by new behavior patterns and modes of thought Demonstrating why Chinese Buddhist social philosophy offers powerful resources for social justice and liberation today *Just Awakening* invites readers to think with modern Yogachara philosophers about other ways of building egalitarian futures **A Compendium of the Mahayana** Asanga, 2019-02-05 The first complete English translation of Asanga's *Mahayanasamgraha* the most important and comprehensive Indian Yogacara text and all its available Indian commentaries Winner of the Khyentse Foundation Prize for Outstanding Translation The *Mahayanasamgraha* published here with its Indian and Tibetan commentaries in three volumes presents virtually everything anybody might want to know about the Yogachara School of Mahayana Buddhism It discusses in detail the nature and operation of the eight kinds of consciousness the often
