Seeking Cultures Of Peace A Peace Church Conversation:

Seeking Cultures of Peace Fernando Enns, Scott Holland, Ann Riggs, 2004 The essays in this book represent a contribution of the Historic Peace Churches HPC to the work of the World Council of Churches Decade to Overcome Violence They are divided into four sections the first introduces the ecumenical context of this discussion the history of HPC relations and the globalized reality in which contemporary violence occurs The second is written from three geo social settings and engages the notion of globalization from three viewpoints biblical studies theological ethics and historiography The third section engages the gospel and our traditions within the contexts of HPC communities in North America Nigeria and Colombia And the fourth discusses resources in HPC tradition for action reflection and critique in building a future of justice and peace An appendix reproduces a statement prepared at a 2001 consultation of interested members of the Brethren Quaker and Mennonite communities entitled Just Peace making Towards an Ecumenical Ethical Approach **Culture of Peace** Alan Kreider, 2005-11-01 Why is peace such a divisive issue even among Christians Why is it so hard to practice right here right now Why is peace often considered an extra rather than an essential to faithful Christian living The three authors decided to write this book when the Indonesian member of the team remarked to the other two If the Christian church is to make any impact on Indonesia it must address itself to the biggest peace issue reconciliation with Muslims But before the writers could honestly consider that explosive possibility they first had to ask why Christians find it so difficult to live peaceably with other Christians They've discovered that conflict is often a prerequisite of peace They grant that peace is a continuum easier to live in some areas of life than in others They've learned that peace has two parents hard work and grace Living in peace is muscular activity The authors suggest how to develop peacemaking reflexes how churches can learn to handle conflict well and how to cultivate vulnerability and humility two essential attitudes of peacemakers True stories from communities around the world support this hopeful but strenuous call to faithful living **Just Peace** Fernando Enns, Annette Mosher, 2013-09-17 Christian theology and ethics have wrestled with the challenge to apply Jesus's central message of nonviolence to the injustices of this world Is it not right to defend the persecuted by using violence Is it unjust if the oppressed defend themselves if necessary by the use of violence in order to liberate themselves and to create a more just society Can we leave the doctrine of the just war behind and shift all our attention toward the way of a just peace In 2011 the World Council of Churches brought to a close the Decade to Overcome Violence to which the churches committed themselves at the beginning of the century Just peace has evolved as the new ecumenical paradigm for contemporary Christian ethics Just peace signals a realistic vision of holistic peace with justice which in the concept of shalom is central in the Hebrew Bible as well as in the gospel message of the New Testament This paradigm needs further elaboration VU University gathered peacebuilding practitioners and experts from different parts of the world Africa Latin America North America Asia and Europe and from different disciplines anthropology psychology social sciences law and theology voices from across

generations and Christian traditions to promote discussion about the different dimensions of building peace with justice

Mennonites in Dialogue Fernando Enns, Jonathan Seiling, 2015-07-06 Ecumenical dialogue is not an end in itself It serves as an indispensable instrument to overcome the divisive mutual misinterpretations of the past Ecumenical encounters pave the way toward healing painful memories and lead to a deeper understanding of the church's given unity thus becoming a more credible witness of that truth Mennonites in Dialogue is a collection of all conversation texts involving Mennonites on international and national levels covering forty years of encounters with Roman Catholics Lutherans Reformed Baptists and Seventh Day Adventists among others The texts illustrate growth in agreement as well as identify the remaining convictions that still divide Several texts appear here for the first time in English An introductory essay provides an overview of the motivations for dialogue the challenges faced both in the processes of dialogue and in their substance as these conversations evolved the achievements gained and the prospects for the future A detailed index enables a more effective comparison of the topics and issues throughout the collection Mennonites in Dialogue is an indispensable resource for anyone seeking to understand the process of identity formation within the Christian tradition through encounter with the other as well as a rich introduction to the theology of that global peace church the Mennonites

A Pilgrimage of Justice and Peace Fernando Enns, Nina Schroeder-van 't Schip, Andrés Pacheco-Lozano, 2023-04-05 This edited volume includes contributions by scholars ministers artists and NGO workers from around the world who are interested in topics of Mennonitism peacebuilding and theologies of nonviolence The papers published together here reflect the richness and diversity of peacebuilding interests and approaches within the current global Mennonite family and offer interdisciplinary explorations of peace and conflict with attention to historical theological and lived perspectives The book includes papers based upon research and insights that were shared at the Second Global Mennonite Peacebuilding Conference and Festival 2019 at Mennorode in the Netherlands The findings presented here are structured thematically with attention to key points of current concern and research including among others studies on historical and current peacebuilding efforts pertaining to migration and refugee care ecological justice gender justice interreligious dialogue church state relations and racial justice

Building a Culture of Peace Paul R. Dekar, 2010-01-01 Around the world thousands of grassroots movements are confronting issues like destruction of the environment economic depression human rights violations religious fundamentalism and war This book tells the courageous story of one such group Organizing in 1939 Northern Baptists formed the Baptist Pacifist Fellowship as part of the Fellowship of Reconciliation Southern Baptists formed a parallel body Like today it was a time when sources of hope seemed hard to find Discerning a need to support and connect Baptist conscientious objectors in the United States members faced hostility in congregations and the nation For the duration of the Second World War the Korean War war in Vietnam and elsewhere Baptists sustained a witness for peace and justice By 1984 threat of nuclear weapons led to formation of a wider circle of resistance to the culture of war Subsequently the Baptist Peace Fellowship of North America has brought together

Baptist peacemakers from around North America and the world. However, small in numbers or reviled members have been building a culture of peace through an interracial and international community. This book is an invaluable resource for those seeking a new world of forgiveness, respect for human rights, nonviolence, and peace. *Covenant of Peace* Willard M. Swartley, 2006. One would think that peace, a term that occurs as many as one hundred times in the New Testament, would enjoy a prominent place in theology and ethics textbooks. Yet it is surprisingly absent. Willard Swartley's *Covenant of Peace* remedies this deficiency, restoring to New Testament theology and ethics the peace that many works have missed. In this comprehensive yet accessible book, Swartley explicates virtually all of the New Testament relating peace and the associated emphases of love for enemies and reconciliation to core theological themes such as salvation, christology, and the reign of God. No other work in English makes such a contribution. Swartley concludes by considering specific practices that lead to peacemaking and their place in our contemporary world. Retrieving a historically neglected element in the Christian message, *Covenant of Peace* confronts readers anew with the compelling New Testament witness to peace. **Embodying the Way of Jesus** Ted Grimsrud, 2007-01-15. The Anabaptist tradition, originating as part of the sixteenth-century Protestant Reformation, has from its beginning presented an alternative approach to Christian faith. Jesus-centered Anabaptist convictions such as pacifism, simple living, and community remain of vital concern for twenty-first-century Christians. *Embodying the Way of Jesus: Anabaptist Convictions for the Twenty-First Century* traces the origins and historical expressions of Anabaptist faith and then suggests ways Anabaptist convictions speak to our contemporary world. Ted Grimsrud proposes a fourfold approach to interpreting Anabaptist theology: considering themes from the Bible, from the tradition's history, from present experience, and from envisioning a hopeful future. What emerges is an engaging portrait of a living tradition that speaks with urgency and relevance to a world badly in need of a message of peace. **Rooted in Jesus Christ** Daniel Izuzquiza, 2009-04-06. Offers a Christian proposal for radical social transformation. Daniel Izuzquiza here proposes a vibrant interdisciplinary theology from the unique perspective of the least of these, the poor, and extends an invitation to mystical, political, and ecclesial engagement. In *Rooted in Jesus Christ*, Izuzquiza analyzes the language of theology, the role of social sciences, the transformation of culture, and the church's approach to politics. To that end, he dialogues with some of the main theological proposals of the late twentieth century, from Latin American liberation theology to radical theology in the English-speaking world to European political theology. He also offers a more systematic development of radical ecclesiology, analyzing the sources of the proposal as alternative Christian practices. The result is a groundbreaking call to action and change for the entire church. In this groundbreaking book, Daniel Izuzquiza offers a vibrant Christian proposal for radical social transformation. His wide-ranging study explores the relationship between church and society by dialoguing critically and constructively with major theological currents of our day. Izuzquiza's interdisciplinary theology from the perspective of the poor is truly radical at once in a political, ecclesial, and mystical sense. We need a way

forward beyond our well worn and tired debates Daniel Izuzquiza offers just that His splendid book engages and assesses postliberalism radical orthodoxy Anabaptist witness liberation theology and the role of the Jesuits in Christianity in order to show the need for a radical ecclesiology that is unapologetically Christocentric socially attuned and ecumenically generous For anyone not invested in the current structures of power in the church university or nation state this book offers wisdom For those of us so invested this book shows a viable alternative preserving the good and challenging the rest We should all pay attention D Stephen Long author of Speaking of God Theology Language and Truth I am happy to recommend Daniel Izuzquiza s Rooted in Jesus Christ Toward a Radical Ecclesiology to serious readers in the English speaking world who may have dared to wonder if the traditional church of our time is what Jesus really had in mind And if not what might a church rooted in the Christ of the Incarnation look like Rather than superficially inspiring his readers Izuzquiza brings us face to face with what the body of Christ could be by responding more fully to the truly amazing grace of God that has come to us in Jesus of Nazareth Traditional Catholics and conservative Protestants alike as well as revolutionaries and political activists for that matter will be confronted and challenged here And rather than concerning ourselves so exclusively with tactics and strategies Izuzquiza reminds us of the importance of simply being the church radically rooted in Jesus Christ John Driver author of Radical Faith An Alternative History of the Christian Church **Forgiveness, Peacemaking, and Reconciliation**

David K. Ngaruiya, Rodney L. Reed, 2020-12-31 In this fifth volume from the Africa Society of Evangelical Theology contributors explore forgiveness peacemaking and reconciliation as necessary prerequisites for human flourishing Ranging from biblical studies and church history to medical ethics and public theology this collection offers a rich diversity of voices and perspectives as each author reflects on God s heart for conflict alleviation within the contexts of their own communities nations histories and academic disciplines Taken together these contributions offer profound insight into both the particularities and generalities of God s transformative healing work in the world and how we the church are called to partner with that work in Africa and beyond **Concise Encyclopedia of Amish, Brethren, Hutterites, and Mennonites**

Becoming Anabaptist J. Denny Weaver, 1987-05-09 When *Becoming Anabaptist* appeared in 1987 it was the first major study to incorporate the new history of multiple beginnings and a diverse Anabaptism into a synthesis of meanings for the late 20th century J Denny Weaver's attempt was welcomed and widely acclaimed by scholars and by church leaders alike In this second edition Weaver provides a masterful treatment of his beloved Anabaptist vision William Willimon in the Foreword

The Nonviolent Messiah Simon J. Joseph, 2014-06-02 When scholars have set Jesus against various conceptions of the messiah and other redemptive figures in early Jewish expectation those questions have been bound up with the problem of violence whether the political violence of a militant messiah or the divine violence carried out by a heavenly or angelic figure Missing from those discussions Simon J Joseph contends are the unique conceptions of an Adamic redeemer figure in the Enochic material conceptions that informed the Q tradition and he argues Jesus own self understanding
