BLUMENSTAND Frank Luger, 2019-07-23 Blumenstand German for Flowers stand is an almost comprehensive collection of the Author's nonscientific essays and miscellaneous writings covering a period of more than thirty five years. The articles touch upon a great variety of both academic and non academic topics from anthropology to sociology from psychology to philosophy from history to music from literature to politics and political science from religion to morality from chess playing to dart playing from horseracing and travel to whisky distilling etc. For the sake of levity even some jokes and humorous anecdotes are included. However there is no unifying theme as such and neither the collection nor its presentation has any particular sequence or structure. The book is richly illustrated as per topic relevance. It is sincerely hoped that this modest anthology will serve both informative and entertaining purposes. This is a recently completed original literary work first published in December 2007 and re published in July 2019 *Chess Tactics* Paul Littlewood, 2013-07-16 This

The Chess Battles of Hastings Jürgen Brustkern, Norbert Walle, 2022-11-05 No other chess tournament has such a long and rich history as the annual gathering in between the years at the English seaside resort of Hastings. Countless chess players professionals and amateurs alike have celebrated Christmas and welcomed the New Year in Hastings while battling it out on the chessboard.
