A Long Way from Home Pat Sandiford Grygier, 1997-03-27 A comprehensive account of the tuberculosis epidemic among the Inuit in the mid part of the century The Inuit were victims not only of the epidemic but also of the Canadian government's shockingly slow response and lack of concern for their culture Grygier's focus is on patients' experiences and the programs set up to deal with the epidemic rather than on a purely medical discussion of the disease and treatment Annotation copyright by Book News Inc Portland OR

**Caribbean Autobiography** Sandra Pouchet Paquet, 2002-07-22. Despite the range and abundance of autobiographical writing from the Anglophone Caribbean, this book is the first to explore this literature fully. It covers works from the colonial era up to present-day AIDS memoirs and assesses the links between more familiar works by George Lamming, C. L. R. James, Derek Walcott, V. S. Naipaul, and Jamaica Kincaid, and less frequently cited works by the Hart sisters, Mary Prince, Mary Seacole, Claude McKay, Yselt Bridges, Jean Rhys, Anna Mahase, and Kamau Brathwaite. Sandra Pouchet Paquet charts the intersection of multiple contradictory viewpoints of the colonial and postcolonial Caribbean, differing concepts of community, and levels of social integration, and a persistent pattern of both resistance and accommodation within island states that were largely shaped by British colonial practice from the mid-seventeenth through the mid-twentieth century. The texts examined here reflect the entire range of autobiographical practice, including the slave narrative and testimonial, written and oral narratives, spiritual autobiographies, fiction, serial autobiography, verse diaries, and journals, elegy, and parody.

**Claude McKay, Rebel Sojourner in the Harlem Renaissance** Wayne F. Cooper, 1996-02. Cooper paints a meticulous and absorbing portrait of McKay's restless artistic, intellectual, and political odyssey. The definitive biography on McKay. Choice. Although recognized today as one of the genuine pioneers of black literature in this century, the author of *If We Must Die*, *Home to Harlem*, *Banana Bottom*, and *A Long Way from Home*, among other works, Claude McKay (1890-1948) died penniless and almost forgotten in a Chicago hospital. In this masterly study, Wayne Cooper presents a fascinating, detailed account of McKay's complex, chaotic, and frequently contradictory life. In his poetry and fiction, as well as in his political and social commentaries, McKay searched for a solid foundation for a valid black identity among the working-class cultures of the West Indies and the United States. He was an undeniably important predecessor to such younger writers of the Harlem Renaissance as Langston Hughes and Countee Cullen, and also to influential West Indian and African writers such as C. L. R. James and Aimé Césaire. Knowledge of his life adds important dimensions to our understanding of American radicalism, the expatriates of the 1920s, and American literature. Mr. Cooper's most original contribution is his careful and perceptive analysis of McKay's nonfiction writing, especially his social and political commentary, which often contained prophetic statements on a range of important social, political, and historical issues. *New York Times Book Review*

David Damas,2002 In recent years the view has emerged that the Inuit were coerced by the Canadian government into abandoning life in scattered camps for centres of habitation In Arctic Migrants Arctic Villagers David Damas demonstrates that for many years government policies helped maintain dispersed settlement but that eventually concerns over health housing and education and welfare brought about policy changes that inevitably led to centralization Damas shows that while there were cases of government directed relocation to centres centralization was largely voluntary as the Inuit accepted the advantages of village living In examining archives anthropological writings and the results of field research from an anthropological perspective Damas provides fresh insights into the policies and developments that led to the centralization of

Inuit settlement during the 1950s and 1960s      *Yonder Come Day* Jasmine L.
