is to write out a specific plan of action about how you are going to achieve your goal and you should know why you want you desire it Then go after your goal with passion a burning desire within you To do it My grandson Ryan invited me to go to the movie The Empire Strikes Back I was impressed with what the Jedi teacher teaches his student about engaging the force that is the greatest power in the universe He tells his student that there is no try that there is either do or not do Another important ingredient necessary to achieve success is self confidence Self confidence is a by product of preparation and in order to succeed you must discipline yourself to establish the habit of doing what need to be done Now not tomorrow Affirm to yourself I have faith and belief in myself that I will achieve my goal because I expect to achieve it because I will work hard to do so and that no matter what the circumstances I will never give up Action is what produces results Do Power The thrust of Aim High is to implant the sixteen steps outlined in this book into your mind as seeds necessary for success We are all born with a powerful tool our brain and it is up to each and every one of us to learn how to use that powerful tool more efficiently and effectively On the cover of Aim High there is a red dot in the center That dot represents you and you are your own bulls eye To try to hit right in the center of the bulls ey
