SENTIMENTAL MOMENT OR WHY DID THE BAGUETTE CROSS THE ROAD? | 080

Don't fill up on bread
I say absent-mindedly
The servings here are huge
My son, whose hair may be
receding a bit, says
Did you really just
say that to me?

What he doesn't know
is that when we're walking
together, when we get
to the curb
I sometimes start to reach
for his hand

The Embattled Lyric Nathaniel Tarn, 2007 This book has two main subjects which are interwoven the attitudes of selected poets including Neruda Rilke Breton Celan and Artaud to the primitive and the archaic studied from an anthropologist s viewpoint and a model of the

processes whereby poetry is produced and received built on the author's successful careers as both poet and anthropologist. The book includes detailed biographical information about how Tarn went from being a French to an English to an American poet. It also reveals the effect of a double career and of these moves on a unique body of poetry and theoretical work. An extremely substantial interview serving also as an introduction to and discussion of the essays demonstrates that there is nothing like this work to be found elsewhere.

Situating Poetry Joshua Logan Wall, 2022-10-11 Focusing on five poets of the New York literary scene in the period between 1910 and 1940, the author shows that fractioned ethnic and immigrant groups could locate democratic communities through innovative poetic forms in which belonging was produced not by identity narratives but through attention directed to particular genres.

Catullus in Twentieth-Century Music Stephanie Oade, 2024-08-19 One of the most famous voices to have survived from the Roman world, Catullus's poetry is still amongst the most popular and widely read. But what is it that makes this 2,000-year-old voice so relevant, so personal and so endlessly fascinating? Reinvigorating discussions around the nature of Catullus's lyricism, *Catullus in Twentieth-Century Music* takes a completely new approach to Catullus and ideas of lyric. It centres around four musical works from the twentieth century, each one capturing the essence of Catullus in musical retellings and showcasing a very personal response to the original text. Considering how and why these musical composers used Catullus's poetry as their stimulus allows us to uncover new ideas about Catullus's poetry. By considering the very process of reception, Stephanie Oade takes a broader view of lyric, identifying traits and characteristics that are common to both music and poetry, thus transcending the boundaries of individual art forms in order to consider the genre in larger interdisciplinary terms. It offers insights into compositional processes and challenges audiences to think about ways of engaging with music and poetry. More than anything, it shows how ancient voices continue to resound in modernity and offer everlasting expression for our own experiences and emotions.

Queer Exposures Ryan Long, 2021-04-20

Roberto Bolaño 1953-2003 stands out among recent Latin American writers because of his unique combination of critical acclaim, popularity, and literary significance

Queer Exposures analyzes two central but understudied topics in Bolaño's fiction and poetry: sexuality and photography

Moving beyond a consideration of how his texts represent these topics, Ryan F. Long demonstrates that when considered in tandem, they form the basis for a new, innovative and critical approach

Emphasizing the processes of exposure associated with photography and sexuality, especially queer sexuality, provides readers and scholars with a versatile method for comprehending Bolaño's constellation of texts

With close readings of a broad range of texts from poetry written just after his arrival in Spain in the late 1970s to his posthumously published novels, *Queer Exposures* concludes that an emphasis on sexuality and photography is essential for understanding how Bolaño's texts function in dialogue with one another to elucidate and critique the interrelations of writing, visual representation, and power

The Matter of the Page Shane Butler, 2011-01-06

Ancient and medieval literary texts often call attention to their existence as physical objects

Shane Butler helps us to understand why

Arguing that writing has always been as much a material struggle as an intellectual one, *The Matter of the Page* offers timely lessons for the digital age about how creativity works and why literature moves us

Butler begins with some considerations about the materiality of the literary text, both as a process, the draft, and a product

the book, and he traces the curious history of the page from scroll to manuscript, codex to printed book, and beyond

He then offers a series of unforgettable portraits of authors at work: Thucydides struggling to describe his own diseased body; Vergil, ready to burn an epic poem he could not finish; Lucretius wrestling with words even as he fights the madness that will drive him to suicide; Cicero, mesmerized by the thought of erasing his entire career; Seneca, plumbing the depths of the soul in the wax of his tablets; and Dhuoda, who sees the book she writes as a door, a tunnel, a womb

Butler reveals how the work of writing transformed each of these authors into his or her own first reader, and he explains what this metamorphosis teaches us about how we too should read

All Greek and Latin quotations are translated into English

and technical matters are carefully explained for general readers with scholarly details in the notes
