Approaching the Millennium Deborah R. Geis, Steven F. Kruger, 1997 Leading critics scholars and theater practitioners consider the most talked about play of the 1990s **Marketing Apocalypse** Jim Bell, Stephen Brown, David

Carson, 2003-09-02 The present volume of essays examines the extent to which the end of marketing is nigh The authors explore the present state of marketing scholarship and put forward a variety of visions of marketing in the twenty first century Ranging from narratology to feminism these suggestions are always enlightening often provocative and occasionally outrageous Marketing Apocalypse is required reading for anyone interested in the future of marketing **Tough Girls**

Sherrie A. Inness, 2018-01-09 Tough girls are everywhere these days Whether it is Ripley battling a swarm of monsters in the Aliens trilogy or Captain Janeway piloting the starship Voyager through space in the continuing Star Trek saga women strong in both body and mind have become increasingly popular in the films television series advertisements and comic books of recent decades In Tough Girls Sherrie A Inness explores the changing representations of women in all forms of popular media and what those representations suggest about shifting social mores She begins her examination of tough women in American popular culture with three popular television shows of the 1960s and 70s The Avengers Charlie's Angels and The Bionic Woman and continues through such contemporary pieces as a recent ad for Calvin Klein jeans and current television series such as The X files and Xena Warrior Princess Although all these portrayals show women who can take care of themselves in ways that have historically been seen as uniquely male they also variously undercut women's toughness She argues that even some of the strongest depictions of women have perpetuated women's subordinate status using toughness in complicated ways to break or bend gender stereotypes while simultaneously affirming them Also of interest Madcaps
