Seize the Beat Brian Q. Torff, 2023-01-16 The story of American popular music is steeped in social history race gender and class its evolution driven by ephemeral connection to young audiences From Benny Goodman to Sinatra to Elvis Presley to the Beatles pop icons age out of the art form while new musical styles pass from relevance to nostalgia within a few years At the same time perennial forms like blues jazz and folk are continually

rediscovered by new audiences This book traces the development of American music from its African roots to the juke joint club and concert hall revealing a culture perpetually reinventing itself to suit the next generation **1965** Andrew Grant Jackson,2015-02-03 For music lovers who were there and for those who wish they were the book is a well researched cultural history that leaves no rolling stone unturned Huffington Post Friendly rivalry between musicians turned 1965 into the year rock evolved into the premier art form of its time and accelerated the drive for personal freedom throughout the Western world The Beatles made their first artistic statement with Rubber Soul Bob Dylan released Like a Rolling Stone arguably the greatest song of all time and went electric at the Newport Folk Festival The Rolling Stones s Satisfaction catapulted the band to world wide success New genres such as funk psychedelia folk rock proto punk and baroque pop were born Soul music became a prime force of desegregation as Motown crossed over from the R B charts to the top of the Billboard Hot 100 Country music reached new heights with Nashville and the Bakersfield sound Musicians raced to innovate sonically and lyrically against the backdrop of seismic cultural shifts wrought by the Civil Rights Movement Vietnam psychedelics the Pill long hair for men and designer Mary Quant s introduction of the miniskirt In 1965 Andrew Grant Jackson combines fascinating and often surprising personal stories with a panoramic historical narrative Jackson has a better ear than a lot of music writers and one of the best parts of this book is his many casual citings of songs that echo others He show s us the familiar through fresh eyes as he returns us to a year when a lot of us were young and poor and not as happy as we thought we were yet there was always a great song on the radio Washington Post **Settling the Borderland** Jan Whitt,2008-09-05 Settling the Borderland deals with the intimate connection between journalism and literature both fields in which work by women has been underrepresented This book has a twin focus the work of journalists who became some of the greatest novelists poets and short story writers of the nineteenth and twentieth centuries in America several of whom are men and contemporary journalists who best exemplify the effective use of literary techniques in news coverage Although five women are emphasized here Katherine Anne Porter Eudora Welty Joan Didion Sara Davidson and Susan Orlean three men whose work was profoundly influenced by journalism also are included Edgar Allan Poe Walt Whitman and John Steinbeck are well known as writers of poetry short stories and novels but they too are among the other voices rarely included in studies of literary journalism In Settling the Borderland Jan Whitt presents a thorough analysis of the increasingly indistinct lines between truth and fiction and between fact and creative narrative in contemporary media **The Feminist Bestseller** Imelda Whelehan,2017-03-16 Imelda Whelehan provides an overview of popular women s writing from the late 1960s to the present looking at how key feminist texts such as The Women s Room Kinflicks and Fear of Flying have influenced popular contemporary fiction such as Bridget Jones Diary and Sex and the City Whelehan reconsiders the links between the politics of feminist thought action and writing and creative writing over the past 30 years and suggests that even so called post feminist writing owes an enormous debt to feminism s second wave Leap! Sara Davidson,2008-02-26 Thirty years ago Sara

Davidson wrote the phenomenal bestseller *Loose Change* the definitive book about the boomer generation's coming of age. Now this witty social observer has again turned her discerning eye to her contemporaries with *Leap* a no holds barred illuminating and hopeful look at the choices and challenges we face and the roads open to us. For many years Davidson earned a living as a successful journalist and screenwriter but in her fifties she saw her life come apart. She could no longer find work she endured a break up with her partner and her children left for college. For the first time ever she had nothing to do. She felt adrift but she found that she was not alone. In *Leap* Davidson sets out on a passionate quest to learn how to do the coming years well. Drawing on her own experience and that of others she explores such questions as: How does a high powered person learn to walk down the ladder gracefully? How can women continue to be sensual and not touch deprived? How do we arrange to grow old with our friends? What will be the fire at the center of our lives? Why are we still here? Davidson interviews people from across the country and from all walks of life including such icons as Carly Simon, Tom Hayden, Tracy Kidder, Jane Fonda, Ram Dass and Iman as well as teachers, writers, psychologists, businesspeople and spiritual leaders. The candid portraits are both inspiring and cautionary. True to character boomers will approach these years differently from previous generations and there will be no single path. Some will feel free for the first time to take risks, others will embark upon a spiritual search, some will want to give back to make the world a better place, others will want to play or make creativity a priority. But they will not fade quietly into the sunset. With *Leap* Sara Davidson holds up a mirror for readers allowing them to see not only themselves and those around them but their potential future. With Davidson as a guide the possibilities are boundless.
