The Pirandellian Mode in Spanish Literature from Cervantes to Sastre Wilma Newberry, 1973-06-30 This volume is a vision of Spanish literature seen through Pirandellian eyes Those themes and techniques which Pirandello stamped with his name have actually characterized a segment of Spanish writing from the time of Cervantes Professor Newberry first examines those writers who preceded Pirandello or could not have felt his influence and then those who acknowledged the Italian s mastery or who wrote in the ambience he created She emphasizes how old are the Spanish themes that illusion and reality intermingle that life is fiction and fiction life that madness is often saner or preferable to sanity Meticulously she chronicles the Spaniards use of techniques associated with these themes the play within a play the theater that mingles fiction and life the breakdown of barriers between audience and stage the autonomous character Beginning with Cervantes s Don Quijote where madness and sanity change the very nature of reality and illusion she moves forward to Calder n s El gran teatro del mundo and other relevant works between Lope de Vega and Gald s The author devotes a special chapter to the g nero chico and particularly the sainetes of Ram n de la Cruz for these works kept Pirandellian concepts alive during the somewhat infertile eighteenth century After examining Echegaray whose romantic works she shows to be only part of his contribution Professor Newberry turns to Ram n whom she skillfully links to the cubist school of painting There follows an extended discussion of Unamuno particularly his novel Niebla with its famous autonomous character Augusto P rez The second part of this book deals with those authors aware of Pirandello and his work Professor Newberry begins with Azor n whose enthusiasm for and understanding of Pirandello and the tendencies associated with him are greater than those of any other Spanish writer Her brief examination of the Machado brothers shows how they have taken Pirandello s investigation into being and seeming and translated it into their own terms Because his most popular work is not Pirandellian few people have ever observed Pirandellian aspects in Garc a Lorca s writing but El P blico and other works certainly contribute to this book Casona on the other hand is enveloped by what Azor n described as the Pirandellian mist although Casona s treatment of how reality and illusion intermingle is uniquely his own Not limiting herself to discussing Grau s El se or de Pigmalion a play often considered in relation to Pirandello Professor Newberry brings up three other works that clearly indicate Grau s involvement in these themes and techniques Indeed one of his plays even incorporates a character Pirandello rejected and rarely have Spanish playwrights broken down the barriers between stage and audience so completely as Grau does in Tabar

n Luca de Tena is shown to raise most Pirandellian problems in his plays but unlike the Italian he systemically rules in favor of life his conflicts are lighter and their resolution is happier Pedro Salinas the last author Professor Newberry considers at length is rarely studied as a playwright but his plays show the characteristic imprint of Pirandello fiction and reality are confused there are problems of identity he uses the autonomous character Nonetheless Salinas s basic view of life is diametrically opposed to Pirandello s for he is filled with love joy optimism and faith in the possibility of clarifying reality Finally the author looks at the Arte Nuevo group particularly Sastre and Palacio and she also considers Sotelo who like the other two was influenced not only by Pirandello but also by Thornton Wilder Professor Newberry provides a consistently interesting picture of how Spanish literature has always shown great interest in those themes and techniques we have come to call Pirandellian and how it has given them a stamp uniquely its own In an appendix the author includes a brief discussion of the Spanish works found in Pirandello s study *English Studies in the 21st Century* Zekiye Antakyalıoğlu, Kyriaki Asiatidou, Ela İpek Gündüz, Enes Kavak, Gamze Almacıoğlu, 2020-03-06 English Studies in the 21st Century presents the results of recent academic research concerning a wide spectrum of subjects including politics psychology religion philosophy history culture aesthetics and education related to literary cultural and language studies Specifically this collection includes scholarly reflections interpretations criticisms and experiments that both strengthen and challenge dominant perspectives on the English literary tradition and contribute to a multifaceted discussion of contemporary drama and theater contemporary theory and fiction Neo Victorianism the Anthropocene posthumanism and interdisciplinary studies in English including linguistics and ELT The book will be an ideal reference for both academics and students *Reflections on Lorca's Private Mythology* Beth Wellington, 1993 Federico Garc a Lorca s autobiographical play *Once Five Years Pass* deals directly with the discovery of his homosexual identity While themes of sterility desire repression and death are central to this work these themes are masked by the surrealistic language and plasticity that characterized his experimental theatre Later in his more traditional rural plays *Blood Wedding* *Yerma* and *The House of Bernarda Alba* Lorca sought to examine at a safer distance the themes elaborated in *Once Five Years Pass* To this end he removed himself from the center of the drama creating a series of rural plays featuring women as the protagonists An examination of the symbolic content in *Blood Wedding* *Yerma* and *The House of Bernarda Alba* which is more accessible in these traditionally structured works supplies the key to the interpretation of Lorca s unperformable play *The Norton Anthology of World Literature* Professor Emeritus of Near Eastern Studies Jerome W Clinton, PH D, F. Abiola Irele, Heather James, Stephen Owen, Sarah Lawall, Lee Patterson, Indira Viswanathan Peterson, Edgar Shannon Professor and Chair Department of English Patricia Meyer Spacks, PH D, William G. Thalmann, 2009 A collection of poetry prose drama and fiction written from the sixteenth century through the twentieth century by various writers from around the world *Modernism and Mourning* Patricia Rae, 2007 The essays in *Modernism and Mourning* examine the work of mourning in modernist literature or more precisely its propensity for resisting this work

Drawing from recent developments in the theory and cultural history of mourning its contributors explore the various ways in which modernist writers repudiate Freud's famous injunction to mourners to work through their grief endorsing instead a resistant or melancholic mourning that shapes both their themes and their radical experiments with form The emerging picture of the pervasive influence of melancholic mourning in modernist literature casts new light on longstanding critical arguments especially those about the politics of modernism It also makes clear the pertinence of this literature to the present day in which the catastrophic losses of 9 11 of retaliatory war of racially motivated genocide of the AIDS epidemic have made the work of mourning a subject of widespread interest and debate Patricia Rae is Head of the Department of English at Queen's University
