Listenerly Listening

Wilma Zalabak, 2023-10-31. Did you ever say, "Please just listen to me"? Many people carry that plea deep inside if not spoken aloud. You already have the equipment to meet this need, and here is your training. You can help heal the worst long-haul disease left by the pandemic: feelings of isolation and fear at previously unmatched intensities. This is your handbook for what to say and what not to say, organized so you can find quickly what you want. There are nine ideas to keep from getting bored while listening, four safety issues in gift listening, four ways language impacts listening, six different kinds of difficult listening situations, and seven tools for disabling systemic, pervasive anxiety. Forty-five chapters, like the titles already listed, populate Book I, a complete training course for use in any setting. In Book II, the stories of Jesus's seven metaphors, seven signs, and more on listening from the Gospel of John illustrate the topics of Book I. Here is divine inspiration and enablement to spread the healing gift of listening.

Comparative, International, and Global Justice Cyndi Banks, James Baker, 2015-09-23

Comparative International and Global Justice: Perspectives from Criminology and Criminal Justice presents and critically assesses a wide range of topics relevant to criminology, criminal justice, and global justice. The text is divided into three parts: comparative criminal justice, international criminology, and transnational and global criminology. Within each field are located specific topics which the authors regard as contemporary and highly relevant and that will assist students in gaining a fuller

appreciation of global justice issues Authors Cyndi Banks and James Baker address these complex global issues using a scholarly but accessible approach often using detailed case studies The discussion of each topic is a comprehensive contextualized account that explains the social context in which law and crime exist and engages with questions of explanation or interpretation The authors challenge students to gain knowledge of international and comparative criminal justice issues and think about them in a critical manner It has become difficult to ignore the global and international dimensions of criminal justice and criminology and this text aims to enhance criminal justice education by focusing on some of the issues engaging criminology worldwide and to prepare students for a future where fields of study like transnational crime are unexceptional

The Two Sexes Eleanor E. Maccoby, 1998 How does being male or female shape us And what aside from obvious anatomical differences does being male or female mean In this book the distinguished psychologist Eleanor Maccoby explores how individuals express their sexual identity at successive periods of their lives A book about sex in the broadest sense The Two Sexes seeks to tell us how our development from infancy through adolescence and into adulthood is affected by gender Chief among Maccoby's contentions is that gender differences appear primarily in group or social contexts In childhood boys and girls tend to gravitate toward others of their own sex The Two Sexes examines why this segregation occurs and how boys groups and girls groups develop distinct cultures with different agendas Deploying evidence from her own research and studies by many other scholars Maccoby identifies a complex combination of biological cognitive and social factors that contribute to gender segregation and group differentiation A major finding of The Two Sexes is that these childhood experiences in same sex groups profoundly influence how members of the two sexes relate to one another in adulthood as lovers coworkers and parents Maccoby shows how in constructing these adult relationships men and women utilize old elements from their childhood experiences as well as new ones arising from different adult agendas Finally she considers social changes in gender roles in light of her discoveries about the constraints and opportunities implicit in the same sex and cross sex relationships of childhood
