remembered as portrayals of disability but the book's analysis reveals flash if not fleeting representations that when centralised clarify patterns of duplicity Via the language of power and the power of language all these texts are found to have contributed to the formative cultural identity politics of disability It will be of interest to all scholars and students of disability studies sociology toy studies comic studies humour studies television studies popular music studies gender studies literary studies and cultural studies **The Doherty News** ,1915 **Binghamton and Broome County, New York** William Foote Seward,1924 **Federal Estate and Gift Taxes** United States.
