Art as Communication Shawn Simpson, 2024-10-02 Is art a form of communication If so what does art express or represent How should we interpret the meaning of works created by more than one artist Is art an adaptation via natural selection In what ways is art similar to and different from language Art as Communication Aesthetics Evolution and Signaling employs information theory the theory of evolution and the newly developed sender receiver model of communication to reason about art aesthetic behavior and its communicative nature Shawn Simpson considers whether art from a biological point of view is the province of only humans or whether animals might reasonably be said to create art Examining the work of evolutionary biologists art theorists linguists and philosophers including Charles Darwin Stephen Davies H Paul Grice and others he addresses how well different theories of communication explain meaning and expression in art and argues that art is much more continuous with other forms of communication than previously thought

Reframing the Social Poe Yu-ze Wan, 2011 Poe Yu ze Wan argues for a critical realist and systemist social ontology designed to shed light on current debates in social theory concerning the relationship of social ontology to practical social research and the nature of the social It explores the works of the systems theorist Mario Bunge in comparison with the approach of Niklas Luhmann and critical social systems theorists to challenge the commonly held view that the systems based approach is holistic in nature and necessarily downplays the role of human agency

Pragmatics and Non-Verbal Communication Tim Wharton, 2009-09-17 The way

we say the words we say helps us convey our intended meanings Indeed the tone of voice we use the facial expressions and bodily gestures we adopt while we are talking often add entirely new layers of meaning to those words How the natural non verbal properties of utterances interact with linguistic ones is a question that is often largely ignored This book redresses the balance providing a unique examination of non verbal behaviours from a pragmatic perspective It charts a point of contact between pragmatics linguistics philosophy cognitive science ethology and psychology and provides the analytical basis to answer some important questions How are non verbal behaviours interpreted What do they convey How can they be best accommodated within a theory of utterance interpretation
