world and making it a place of peace and harmony During the second half of the nineteenth century rewards and official decorations were heaped upon him and his paintings were purchased not only by the emperor but also by collectors in America Britain and Ireland However Breton's work became eclipsed by the avant garde movements of the twentieth century and he was eventually forgotten This book now pays Breton the tribute that he deserves It traces the development of his career and the forces that influenced him from his childhood through his early training in Belgium and Paris to his years in Brittany The book presents and discusses a number of important paintings by Breton some of which have been almost unknown until now and it shows how they reflect the artist's social and humanitarian concerns as well as his painterly abilities
