Fields of Wheat, Rolling on Forever Lisa Walsh, 2014-11-26 Family didn t seem to be important when I was a child It was something we took for granted When children played there would be two parents watching throwing a ball around and joking or sitting around the picnic table Well when I was a little child toddling around what I remember most is my time with my family in Florida my mom my dad my sister Chris and my brother Mike Family to me at that time meant having both parents around I believe one of our favorite places to go was Clearwater Florida My Aunt Fran and Uncle Al lived on an outlet of Clearwater Bay a few blocks away from the Gulf of Mexico My dad would often take us fishing off my uncle s dock Uncle Al had a boat that we would ride around in as well and he would let us drive it but under adult supervision of course Mom and Aunt Fran would stay back and either clean the fish that we caught a dirty job nobody wanted or just watch us having fun Mom always liked being outdoors near the water Along with boating and fishing we loved looking at the barnacles that attached to the walls around the bay area and around the posts holding up the dock Mom seemed to be the one most fascinated with these small and disfigured little creatures She and the rest of us seemed to enjoy watching these creatures just to pass the time of day **The Guardian** ,1845 **Into Eternal Darkness: 100+ Gothic Classics in One Edition**

What would two literary geniuses have in common especially when they come from entirely different social backgrounds and societies and a different point in time? Many as this unique analysis of Shakespeare and Tolstoy shows. The book has two parts: the first is on Leo Tolstoy and the second on William Shakespeare and runs to a total of 470 pages. The author analyses these literary figures through their personalities and their respective works through their internal turmoil and torment as moral beings wrestling with the vicissitudes and inequities of life. These literary giants' consciences and actions are examined in minute detail from the perspective of the Law of Karma as it is understood in Buddhism Theravada Buddhism to be precise. The stories that these writers told bespeak of their own trials and tribulations, foibles and insecurities of life as well as their struggle with social issues of the day. Whereas Tolstoy, being an aristocrat, was prepared to speak his mind loud and clear about the injustices of his society and be ridiculed for his views and his own actions, in contrast Shakespeare wasn't prepared to do so largely because of his relatively low social status which obliged him to suck up to the aristocratic and royal classes. It was a matter of earning a living for Shakespeare at the pleasure of the powers that were; otherwise he wouldn't have survived and prospered financially. There are interesting instances where the author highlights similarities between the two historical literary figures and explained why Tolstoy disdained Shakespeare for example for his inability to speak his mind and the hypocrisy of his works' characters. Also surprisingly to many Tolstoy even disdained his early works *War and Peace* and *Anna Karenina* in the twilight of his life. Why? The analyses present such an interesting insight into the lives of these two great literary giants as to keep one not only entertained but intrigued as to how karma had wrought their lives and how karma molded them so. How karma has made Tolstoy so different from his antecedent self Shakespeare if one accepts that Tolstoy was a chip of the old English block but that the genius of his pen remained as finely tuned and accomplished as he was in his previous life as the celebrated English Bard.
