RE-CHURCHING THE UNCHURCHED

*America has more unchurched people
than the entire population of all
but 4 of the world's 194 nations!
What else could we expect from a nation
without evangelism in their DNA.*

Rechurching The Unchurched:

Re-churching the Unchurched George Barna,2000 Surprising Insights from the Unchurched and Proven Ways to Reach Them Thom S. Rainer,2001 A first of its kind comprehensive study of the formerly unchurched explodes some common myths as to what it takes to reach people and provides insight into how the Christian church can develop effective approaches to reach the growing number of unchurched in North America **Church for the Unchurched** George G. Hunter,1996 Hunter discusses the rebirth of the apostolic congregation Christianity's vision of what people can become how small groups shape an apostolic people how lay ministry advances the Christian movement and how apostolic churches reach secular people This work shows that there is an apostolic way for a congregation to live out the gospel and here is why church leaders think so George Hunter hits the nail on the head with this practical and encouraging guide to church based evangelism Steve Sjogren Senior Pastor Vineyard Community Church Cincinnati Ohio This is a groundbreaking book What sets it apart from all the others is that it is based on hard data and real life examples If you want to know what is really happening in the so called Seeker churches this book is a must read Rick Warren Senior Pastor Saddleback Community Church Mission Viejo California George Hunter hits a home run with this book Walt Kallestad Community Church of Joy Phoenix Arizona Our commitment to the rebirth of apostolic congregations will be greatly enhanced by this book John Ed Mathison Frazier Memorial United Methodist Church Montgomery Alabama Apostolic churches present a tremendous challenge to stagnant traditional churches It is required reading for all who yearn to see the growth of the church Sir Alan Walker Australia Grow Your Church from the Outside In George Barna,2002-10-02 According to the author America has more unchurched people than the entire populations of all but 11 of the world's 194 nations Based on research among several thousand unchurched people the book discusses their values attitudes beliefs religious practices demographics life goals and spiritual expectations Using additional research conducted among churches that have had great success in attracting and retaining unchurched people the author also outlines perspectives and effective strategies for churches that wish to reach those who avoid churches Understanding what makes the unchurched tick will give you a better chance of relating to them in meaningful ways **Lost and Found** Ed Stetzer,Richie Stanley,Jason Hayes,2009 A leading national church research expert shares his surprising findings about the younger unchurched audience ages 25 to 34 and the churches that have found a way to reach them **The Disciple Making Church** Glenn McDonald,2004 Newly expanded and revised edition of bestseller about changing from a program based church to a church making disciples **You Found Me** Rick Richardson,2019-06-18 New research from the Billy Graham Center Institute shows that unchurched Americans are still remarkably open to faith conversations and the church Researcher and practitioner Rick Richardson sheds light on the study's findings and shares best practices for how churches are effectively approaching unchurched nones and moving them to faith The Y-B-H Handbook of Church Planting (Yes, But How?) Roger N. McNamara,Ken Davis,2005-05 This book

covers all the crucial issues of the church planting task. It tells how to organize and grow the new church working toward the ultimate goal of corporate reproduction. Reaching People Under 40 while Keeping People over 60 Edward H Hammett, 2007-02-01. Many established churches are facing a number of challenges in today's increasingly secular culture. Such a shift in many communities creates a challenge of church growth and church health when it seems that satisfying the needs of one group creates barriers to reaching another group. So many are asking, How do you keep people over sixty years of age who often hold church culture values while at the same time reach people under forty who often hold postmodern values? If a church is interested in growing, this situation becomes a major challenge. Reaching People under 40 while Keeping People over 60 looks at the church as it seeks to function in a new world. It looks at the differences in the generations and at postmodernism, not just a generational difference but a global change. Most importantly, Reaching People under 40 while Keeping People over 60 looks at what a church can do in this new age to help the church survive and thrive. Foreword by Bill Easum. A TCP Leadership Series title. **Making A Good Church Great** Steve Sjogren, 2010-02-25. Bestselling author Steve Sjogren untangles the complex jumble commonly known as greatness in today's mega church, mega everything world. As a successful pastor, he launched the servant evangelism movement, but along the way he discovered that significance was not where or what he thought it would be. Now in a very practical book, he focuses on genuine greatness. Is it the size of the sanctuary? The number of new believers baptized each year? The youth attendance? The quantity of best-selling books the pastor has written? The list of television shows, radio shows, or podcasts the pastors appears on? Or is it something more? What is the buzz on good churches that become great in God's eyes? Sjogren argues that greatness is not a point at which you arrive; rather, it is an ongoing process of worshipping, serving, and living in God's presence. It's not a slick program; rather, it is a family, a hospital, an army, and a school. When God is present, His people are empowered. When God empowers His people, a good church becomes great. Reaching People under 30 while Keeping People over 60 Edward H Hammett, 2015-11-10. Seasoned church consultant Edward H Hammett shares his latest insights and suggestions for churches seeking to serve all generations. This is an updated version of Hammett's 2007 book Reaching People Under 40 while Keeping People Over 60 that expands the reach another decade and emphasizes diversity with insight from new contributors. Paul L Anderson and Cornell Thomas. A TCP Books title. Reframing Spiritual Formation Edward H. Hammett, 2002. Reframing Spiritual Formation takes seriously the realities of an increasingly secular, pluralistic, and spiritually thirsty population base most churches face with fear, yet are called to reach and disciple. Hammett provides succinct overviews of the challenges and opportunities these realities bring to the doors of churches and their leaders. His primary focus is on facilitative questions and practical ideas for discipling the church and the unchurched who are seeking grounding and meaning in this rapidly changing world. **High Impact Church Planting** John Jackson, 2000-10. For people planting churches and/or pastors wanting to see real growth in their churches and communities, Jackson teaches the definition of a high impact church, why

they are needed in every community in America their key characteristics and 11 steps to starting a high impact church
