Modernist America Richard Pells,2011-03-29 America's global cultural impact is largely seen as one sided with critics claiming that it has undermined other countries languages and traditions But contrary to popular belief the cultural relationship between the United States and the world has been reciprocal says Richard Pells The United States not only plays a large role in shaping international entertainment and tastes it is also a consumer of foreign intellectual and artistic influences Pells reveals how the American artists novelists composers jazz musicians and filmmakers who were part of the Modernist movement were greatly influenced by outside ideas and techniques People across the globe found familiarities in American entertainment resulting in a universal culture that has dominated the twentieth and twenty first centuries and fulfilled the aim of the Modernist movement to make the modern world seem more intelligible Modernist America brilliantly explains why George Gershwin's music Cole Porter's lyrics Jackson Pollock's paintings Bob Fosse's choreography Marlon Brando's acting and Orson Welles's storytelling were so influential and why these and other artists and entertainers simultaneously represent both an American and a modern global culture

Ken Russell Barry Keith Grant,2024-08-15 In the 1970s British filmmaker Ken Russell 1927 2011 quickly gained a reputation as the enfant terrible of British cinema His work like the man himself was regarded as flamboyant excessive and unrestrained Inheriting and yet subverting the venerable mantle of British documentary Russell did not fit comfortably in the context of a national cinema dominated by sober realism His distinct style combined realism with fictional devices often in audacious ways to create the biographical docudrama In Ken Russell Interviews the filmmaker discusses his colorful life and career from his youth fascinated by movies to his early work in television through his feature films and his retreat to home movies Russell first drew notice in the early 1960s for a series of unorthodox biographical films about artists and composers In these early television films Russell was already exhibiting an unconventional approach to biography that combined historical fact aesthetic interpretation and outlandish personal vision After the critical and commercial success of his adaptation of D H

Lawrence's Women in Love Russell continued to explore the related themes of art sexuality and music in The Music Lovers The Boy Friend Mahler Tommy and Lisztomania His career foundered after Valentino however and he found it increasingly difficult to get funding Toward the end of his career Russell was restricted to making movies with his own equipment using family and friends as actors with virtually no budget Throughout the ups and downs of his career Russell alternately embraced and resented his characterization as an enfant terrible While Russell's comments are often meant to provoke and shock he is articulate when discussing his films his approach to cinema music and composers and of course his critics

Mean Streets and Raging Bulls Richard Martin, 2000-01-01 Classic film noir was Hollywood's dark cinema of crime and corruption a genre underpinned by a tone of existential cynicism which stripped bare the myth of the American Dream and offered a bleak nightmarish vision of a fragmented society that rhymed with many of the social realities of forties and fifties America *Mean Streets and Raging Bulls* explores how since its apparent demise in the late fifties the noir genre has been revitalized during the post studio era The book is divided into two sections In the first the evolution of film noir is contextualized in relation to both American cinema's industrial transformation and the post Depression history of the United States In the second the evolution of neo noir and its relation to classic film noir is illustrated by detailed reference to representative texts including *Chinatown* Roman Polanski 1974 *Night Moves* Arthur Penn 1975 *Taxi Driver* Martin Scorsese 1976 *Blood Simple* Joel and Ethan Coen 1984 *After Hours* Martin Scorsese 1985 *Sea of Love* Harold Becker 1989 *Reservoir Dogs* Quentin Tarantino 1992 and *Romeo is Bleeding* Peter Medak 1994

It's Only a Movie! Raymond J. Haberski Jr., 2021-10-21 Once derided as senseless entertainment movies have gradually assumed a place among the arts Raymond Haberski's provocative and insightful book traces the trajectory of this evolution throughout the twentieth century from nickelodeon amusements to the age of the financial blockbuster Haberski begins by looking at the barriers to film's acceptance as an art form including the Chicago Motion Picture Commission hearings of 1918 1920 one of the most revealing confrontations over the use of censorship in the motion picture industry He then examines how movies overcame the stigma attached to popular entertainment through such watershed events as the creation of the Museum of Modern Art's Film Library in the 1920s The arguments between Pauline Kael and Andrew Sarris's heralded a golden age of criticism and Haberski focuses on the roles of Kael Sarris James Agee Roger Ebert and others in the creation of cinephilia Described by Susan Sontag as born of the conviction that cinema was an art unlike any other this love of cinema centered on coffee houses

universities art theaters film festivals and of course foreign films The lively debates over the place of movies in American culture began to wane in the 1970s Haberski places the blame on the loss of cultural authority and on the increasing irrelevance of the meaning of art He concludes with a persuasive call for the re emergence of a middle ground between art and entertainment something more complex ambiguous and vexing something worth thought *Bibliographic Guide to Theatre Arts 1991* Library of Congress, New York Public Library Theatre & Drama, 1992 *The Thing* Jez Conolly, 2014-01-07 Consigned to the deep freeze of critical and commercial reception upon its release in 1982 *The Thing* has bounced back spectacularly to become one of the most highly regarded productions from the 1980s Body Horror cycle of films experiencing a wholesale and detailed reappraisal that has secured its place in the pantheon of modern cinematic horror Thirty years on and with a recent prequel reigniting interest Jez Conolly looks back to the film s antecedents and to the changing nature of its reception and the work that it has influenced The themes discussed include the significance of *The Thing* s subversive antipodal environment the role that the film has played in the corruption of the onscreen monstrous form the qualities that make it an exemplar of the director s work and the relevance of its legendary visual effects despite the advent of CGI Topped and tailed by a full plot breakdown and an appreciation of its notoriously downbeat ending this exploration of the events at US Outpost 31 in the winter of 1982 captures *The Thing* s sub zero terror in all its gory glory **Horror and Science Fiction Cinema and Society** Martin Harris, 2024-09-02 Examining how horror and science fiction films from the 1950s to the present invent and explore fictional us versus them scenarios this book analyzes the different ways such films employ allegory and or satire to interrogate the causes and consequences of increasing polarization in American politics and society Starting with the killer ants film with an anti communist subtext *Them* 1954 and concluding with Jordan Peele s social horror film with revenge seeking homicidal doppelg ngers *Us* 2019 Martin Harris highlights social and political contexts contemporary reviews and responses and retrospective evaluations to show how American horror and science fiction films reflect and respond to contemporary conflicts marking various periods in U S history from post WWII to the present including those concerning race gender class faith political ideology national identity and other elements of American society **Horror and Science Fiction Cinema and Society** draws upon cinematic sociology to provide a resourceful approach to American horror and science fiction films that integrates discussion of plot construction and character development with analyses of the thematic uses of conflict guiding readers understanding of how filmmakers create otherworldly confrontations to deliver real world social and political commentary **I was a Communist for the F.B.I.** Daniel J. Leab, 2000 The man who loosely provided the inspiration for the B grade cult movie *I Was a Communist for the FBI* had a life that was marred by alcoholism damaged expectations and greed Leab juxtaposes Cvetic s real life with his reel life He chronicles his fall from grace yet admits that Cvetic s life offers fascinating and useful insights into the creation merchandising and distribution of a reckless professional witness Leab also writes about Cvetic s life prior to his involvement with the FBI his glory days and shows that
