When a human being walks too long upon the paths of energy bliss awakening or self realisation a strange fatigue arises In the beginning there is curiosity the spark that ignites the journey Soon it deepens into excitement even pride I have touched something higher But after a while the very things that once felt magical begin to lose their sheen Energy rising energy falling head pressure visions inner sounds blissful states all of these start moving in circles repeating like patterns in a dream A time comes when the seeker grows tired of them almost bored and feels an inner urge to escape beyond their endless play That moment of weariness is not an end but a true beginning For only then does something fresh spontaneous and unforced open up That is the soil where Nirvikalpa begins to grow on its own Not as a state that can be achieved not as a medal that can be earned but as a natural flowering that needs no effort The Vedas remind us through a beautiful image just as a hidden gem buried deep within the forest can be discovered only after one has searched through the entire jungle so too the highest spiritual knowledge can be attained only after one has first passed through all preceding stages of knowledge and experience To seek forced Nirvikalpa is like wanting a PhD before completing graduation One may dream of it imagine it or even fake it for a while but it will not hold The real Nirvikalpa dawns only when all holding all chasing and all wanting dissolve It is not another path to walk but the quiet ending of every path This book is simply a collection of such steps and missteps from my own journey Nothing complete nothing final only fragments of experience recorded as they arrived In fact many of these pages first took form as blog posts written in the raw flow of daily reflection Later they gathered themselves into this book not as a manual but as a living record of search stumble and silence If you too have walked enough circles you may hear the echoes of your own story here And perhaps beyond these words you may sense the same silence that patiently waits for every one of us Moreover it is essential for curious readers to know that the long quest toward the reality of expressed consciousness manifesting through experiences such as Kundalini awakening self realisation the disciplines of Kundalini Yoga the power of mantras and tantras the wisdom of the Vedas and Puranas the diverse insights of the world s religions and the wide spectrum of meditation techniques with their varied effects has been explored in depth in the Kundalini Science A Spiritual Psychology series Volumes 1 5 This book belongs to that current of exploration carrying forward the same spirit of seeking questioning and discovering

Journey Beyond: A Non-Dual Approach Acharya Dr. Kuntimaddi Sadananda,2019-09-10 Everyone is searching for everlasting happiness Yet none can find it by pursuit at the same time none can stop the pursuit This seems to be the tragedy of human life nay the life of every being Every pursuit is limited space wise time wise and object wise Any pursuit that is limited cannot give everlasting happiness Some promise eternal happiness after death if one follows their path Yet no one has returned to claim that they achieved it by following that path One sage declares that truth is a pathless land Vedanta ascertains that the truth is beyond the space time object wise limitations and you are that truth tat tvam asi The journey beyond space and time limitations is the central theme of the discussions in this text *Beyond the Power of Now* L. Ron Gardner,2012-09 Eckhart Tolle is perhaps the most popular spiritual guru in the world His books have topped the New York Times Bestseller List and his core teaching achievement of liberation via the power of Now has become the guiding light of the New Age movement But according to L Ron Gardner author of *Beyond the Power of Now* there is a problem a big problem with Tolle s core teaching Tolle never explains what exactly the power of Now is Is it the same thing as Hindu Shakti

or the Buddhist Sambhogakaya or the Christian Holy Spirit Tolle doesn't say He continually refers to the Bible and Jesus in his book but shockingly never once mentions the Holy Spirit and how it relates to the Power of Now L Ron makes it clear that the true Power of Now is the Holy Spirit which is the same divine Light energy as Hindu Shakti and the Buddhist Sambhogakaya He explains and extolls the true power of Now and castigates Tolle for failing to identify and describe it To some Eckhart Tolle is a New Age visionary describing a new earth that can materialize if mankind en masse awakens to the power of Now But according to L Ron Gardner he is simply a histrionic ranter full of empty rhetoric Throughout this book L Ron continually points out from different angles the folly of Tolle's New or Now Age chimera and describes the social system that represents mankind's sociopolitical salvation Beyond Tolle's teaching about the power of Now and rhetoric about a new earth L Ron takes the renowned guru to task on virtually every subject he addresses Most significantly he rebuts his arguments that 1 emotions can be trusted more than thought 2 time is a mind created illusion 3 psychological time is insanity 4 the present moment is the Now 5 the inner body is the direct link to the Now 6 your cells stop aging when you live in the Now 7 women are spiritually more evolved than men and 8 animals such as ducks and cats are Zen masters Eckhart Tolle's teachings are replete with erroneous ideas and L Ron Gardner exposes the major flaws in his principal arguments while providing readers with integral solutions
