**Seascapes** Jerry H. Bentley, Renate Bridenthal, Kären Wigen, 2007-04-30 Historians have only recently begun to chart the experiences of maritime regions in rich detail and penetrate the historical processes at work there Seascapes makes a major contribution to these efforts by bringing together original scholarship on historical issues arising from maritime regions around the world The essays presented here take a variety of approaches One group examines the material cultural and intellectual constructs that inform and explain historical experiences of maritime regions Another set discusses efforts some more successful than others to impose political and military control over maritime regions A third group focuses on issues of social history such as labor organization information flows and the development of political consciousness among subaltern populations The final essays deal with pirates and efforts to control them in Mediterranean Japanese and Atlantic waters

**Coastal Warfare Against the Viet Cong Volume Two (1967)** James Steffes, 2023-10-20 I was born and raised in St Cloud Minnesota joining the U S Navy at the age of seventeen It became my career of 26 years This book continues the story of Operation Market Time rewritten and published as Coastal Warfare Against the Viet Cong Volume One 1964 1966 Volume Two ended up as one year 1967 due to the rapid expansion of the war and Operation Market Time The next book in the series is Coastal Warfare Against the Viet Cong Volume Three 1968 This completes the story of Operation Market Time because by the end of 1968 the Coastline was well secured and it forced Ho Chi Minh to create and use the Ho Chi Minh trail and resulted in Game Warden forces moving upriver closer to the trails exit into South Vietnam Market Time forces took over the combat zones vacated by Game Warden This was a whole new type of warfare for PCF s Riverine Warfare not seen since the Civil War This Author was assigned initially to Da Nang in June 1968 so some of this story was experienced by this author firsthand The rest of the information comes from the COMNAVFORV monthly summaries which are declassified and now in Public Domain This was a significant part of the war not covered very much in the United States media but very important to the success of the Vietnam War effort

**Unrestricted Warfare** James F. DeRose, 2008-04-21 Unrestricted Warfare reveals the dramatic story of the harsh baptism by fire faced by U S submarine commanders in World War II The first skippers went to battle hamstrung by conservative peacetime training and plagued by defective torpedoes Drawing extensively from now declassified files Japanese archives and the testimony of surviving veterans James DeRose has written a fascinating account of the men and vessels responsible for the only successful submarine campaign of the war They clearly charted a new course to victory in the Pacific ADVANCE PRAISE FOR UNRESTRICTED WARFARE James DeRose has done an excellent job surprisingly so in view of his lack of true WWII submarine experience He obviously contacted everyone he could find who served on one of the three boats he concentrated on and he read as well everything he could find that was written about them DeRose shines by his interpretation of events as the Japanese must have seen them His reconstruction of how Wahoo came to her end may well be pretty close to correct He does the same with Tang CAPTAIN EDWARD L BEACH USN author of
