Samuel Johnson Lawrence Lipking, 2009-07-01 He was a servant to the public a writer for hire He was a hero an author adding to the glory of his nation But can a writer be both hack and hero The career of Samuel Johnson recounted here by Lawrence Lipking proves that the two can be one And it further proves in its enduring interest for readers that academic fashions today may be a bit hasty in pronouncing the death of the author A book about the life of an author about how an author is made not born Lipking's *Samuel Johnson* is the story of the man as he lived and lives in his work Tracing Johnson's rocky climb from anonymity to fame in the course of which he came to stand for both the greatness of English literature and the good sense of the common reader the book shows how this life transformed the very nature of authorship Beginning with the defiant letter to Chesterfield that made Johnson a celebrity *Samuel Johnson* offers fresh readings of all the writer's major works viewed through the lens of two ongoing preoccupations the urge to do great deeds and the sense that bold expectations are doomed to disappointment Johnson steers between the twin perils of ambition and despondency Mounting a challenge to the

emerging industry that glorified and capitalized on Shakespeare he stresses instead the playwright's power to cure the illusions of everyday life All Johnson's works reveal his extraordinary sympathy with ordinary people In his groundbreaking Dictionary in his poems and essays and in The Lives of the English Poets we see Johnson becoming the key figure in the culture of literacy that reaches from his day to our own

Constructing American Lives Scott E. Casper, 2018-07-25 Nineteenth century American authors critics and readers believed that biography had the power to shape individuals characters and to help define the nation s identity In an age predating radio and television biography was not simply a genre of writing says Scott Casper it was the medium that allowed people to learn about public figures and peer into the lives of strangers In this pioneering study Casper examines how Americans wrote published and read biographies and how their conceptions of the genre changed over the course of a century Campaign biographies memoirs of pious women patriotic narratives of eminent statesmen mug books that collected the lives of ordinary midwestern farmers all were labeled biography however disparate their contents and the contexts of their creation publication and dissemination Analyzing debates over how these diverse biographies should be written and read Casper reveals larger disputes over the meaning of character the definition of American history and the place of American literary practices in a transatlantic world of letters As much a personal experience as a literary genre biography helped Americans imagine their own lives as well as the ones about which they wrote and read

that were most important to him as a writer as a thinker and as a moralist *Systems Failure* Andrew Franta, 2019-04-16

How eighteenth century writers stretched systems designed to explain social relations to their breaking point showing the flaws in their design The Enlightenment has long been understood and often understood itself as an age of systems In 1759 Jean Le Rond d'Alembert one of the architects of the *Encyclopédie* claimed that the true system of the world has been recognized developed and perfected In *Systems Failure* Andrew Franta challenges this view by exploring the fascination with failure and obsession with unpredictable social forces in a range of English authors from Samuel Johnson to Jane Austen Franta argues that attempts to extend the Enlightenment's systematic spirit to the social world prompted many prominent authors to reject the idea that knowledge is synonymous with system In readings of texts ranging from novels by Sterne Smollett Godwin and Austen to Johnson's literary biographies and De Quincey's periodical essays Franta shows how writers repeatedly take up civil and cultural institutions designed to rationalize society only to reveal the weaknesses that inevitably undermine their organizational and explanatory power Diverging from influential accounts of the rise of the novel *Systems Failure* audaciously reveals that in addition to representing individual experience and social reality the novel was also a vehicle for thinking about how the social world resists attempts to explain or comprehend it Franta contends that to appreciate the power of systems in the literature of the long eighteenth century we must pay attention to how often they fail and how many of them are created for the express purpose of failing In this unraveling literature arrives at its most penetrating insights about the structure of social life **Textual Vision** Timothy Erwin, 2015-03-06

A stylish critique of literary attitudes towards painting *Textual Vision* explores the simultaneous rhetorical formation and empirical fragmentation of visual reading in enlightenment Britain Beginning with an engaging treatment of Pope's Rape of the Lock Timothy Erwin takes the reader on a guided tour of the pointed allusion apt illustration or the subtle appeal to the mind's eye within a wide array of genres and texts before bringing his linked case studies to a surprising close with the fiction of Jane Austen At once carefully researched theoretically informed and highly imaginative *Textual Vision* situates textual vision at the cultural crossroads of ancient *pictura poesis* doctrine and modernist aesthetics It provides reliable interpretive poles for reading enlightenment imagery offers vivid new readings of familiar works and promises to invigorate the study of Restoration and eighteenth century visual culture **Boswell** Irma S. Lustig, 2021-11-21

These eleven original essays by well known eighteenth century scholars five of them editors of James Boswell's journal or letters commemorate the bicentenary of Boswell's death on May 19 1795 The volume illuminates both the life and the work of one of the most important literary figures of the age and contributes significantly to the scholarship on this rich period In the introduction Irma S. Lustig sets the tone for the volume She reveals that the essays examining Boswell as Citizen of the World are deliberately paired with those that analyze his artistic skills to emphasize that Boswell's sophistication as a writer is inseparable from his cosmopolitanism The essays in Part I focus on the relationship of the Enlightenment at home and abroad to Boswell's
