Samurai Boogie:

Samurai Boogie Peter Tasker, 1999 Kazuo Mori PI is struggling to make ends meet When he falls in with a prostitute named Angel he is soon struggling for survival in a vicious game that has the Yakuza and Japan's two major computer game manufacturers as players *Runoff* Mark Coggins, 2007 This historic book may have numerous typos and missing text Purchasers can usually download a free scanned copy of the original book without typos from the publisher Not indexed Not illustrated 1876 edition Excerpt life of cities is indescribably grateful What more refreshing in an age where every hour must sweat its sixty minutes to the death The park at Knole contains a thousand acres a noble avenue of trees leads up to the ancient house The park is sweet wrote Walpole with much old beech and an immense sycamore before the great gate which makes me more in love than ever with sycamores The trees themselves have a cultivated patrician air as though their sap was of the bluest they seem never to have run wild and to have been always accustomed to the best society descendants of other ancient trees having a lineage as unbroken and exclusive as park palings can make it There is an old oak a little to the left of the path enclosed in railings that may have sheltered bold barons and knights in the days of the Plantagenets Indeed all the richly dressed cavaliers and peerless dames whose portraits line the oaken panelled galleries in yonder stately house once strutted and ambled beneath the shade of these grand old trees and talked soft nonsense and court gossip the whispered scandal or the grave state secret At the end of the long avenue known as the Duchess's Walk stands the hero beech Coleridge in his happiest vein named the birch the lady of the woods a term which well befits the delicate grace of that beautiful tree Mrs Radcliffe pursuing the same subject says I should call a beech tree and this beech above all others the hero of the forest as the oak is called the king It is not now so perfect as we remember it thirty years since but it is yet a magnificent tree carrying its light foliage to a great height and with a majesty almost sublime **Fallen Flower** Robert Imrie, 2001-07 *Fallen Flower* is a big city police whodunit complete with red herrings recalcitrant witnesses and flashes of deductive brilliance leading to the solution of who murdered a beautiful blonde girl The two police detectives in charge of the case are operating in Osaka Japan They make quite a pair Eric Thor is an American giant on an international exchange program from the Minneapolis Police Department and Kennichi Murakami is a by the book Japanese who is threatened by ostracism from his colleagues for even paying attention to his foreign partner's ideas Cultures clash and misunderstandings abound but the accommodations both make are as insightful as they are hilarious The victim Lisa Madison Who is she Everything we learn about her is through the observations and comments of the murder suspects And isn't that the case in life Who is anyone beneath the surface of relationships with others The conclusion is as satisfying as the entire book on all levels *Fallen Flower* is gritty and real the denouement is brilliant Robert J Collins author of the Max Danger detective series and the soon to be published *Ambassador Strikes* **Drop Dead** Robert Imrie, 2010-04-08 An old woman dies mysteriously at the world's largest shopping and entertainment complex Another drops seven stories to a grisly death inside the
