development buildings businesses streetscapes and residences The port village and town that grew from it has a rich and
varied past with vital influence on the histories of the city of Los Angeles and California and others no less epic than the

large working class In a sweeping narrative that takes into account more than a century of labor history John H M Laslett
acknowledges the advantages Southern California s climate open spaces and bucolic character offered to generations of
newcomers At the same time he demonstrates that in terms of wages hours and conditions of work L A differed very little
from America s other industrial cities Both fast paced and sophisticated *Sunshine Was Never Enough* shows how labor in all
its guises blue and white collar industrial agricultural and high tech shaped the neighborhoods economic policies racial

attitudes and class perceptions of the City of Angels Laslett explains how until the 1930s many of L A s workers were under the thumb of the Merchants and Manufacturers Association This conservative organization kept wages low suppressed trade unions and made L A into the open shop capital of America By contrast now at a time when the AFL CIO is at its lowest ebb a young generation of Mexican and African American organizers has infused the L A movement with renewed strength These stories of the men and women who pumped oil loaded ships in San Pedro harbor built movie sets assembled aircraft and in more recent times cleaned hotels and washed cars is a little known but vital part of Los Angeles history *History of the State of California and Biographical Record of the Sierras* James Miller Guinn,1906 *History of the State of California and Biographical Record to Oakland and Environs* James Miller Guinn,1907 **History of the State of California and Biographical Record of Coast Counties, California** James Miller Guinn,1902
