This educational and entertaining book opens up new opportunities for your child. In addition to the function of learning the alphabet and coloring the letters, learning language and exercising the imagination and the aesthetic sense, it provides an opportunity to train the motor skills of efficient and safe use of scissors. Once the kid has painted and cut out letters from several similar books, he can practice arranging whole words. That's another advantage of this book. The only limitation is the imagination and size of the floor in the room where the child builds and learns new words. With a few hundred letters at his disposal, he can even create whole sentences. When the floor is gone, the wall can also be used. Features large 8.5 x 11 inch pages for easy and convenient handling. 26 letters from A to Z, each letter is placed in a frame which gives the finished picture a more interesting appearance. The scissors icon next to each letter suggests that the letter can be cut out and used in other ways. All designs are printed on a single side with a special black page behind to minimize color soaking through the paper to the other side. This allows the use of different tools: crayons, paints, markers. *Santa Claus Teaches Alphabet. 26 XMAS Letters. #1. Themed Miniatures Inside.
