Jane's All the World's Aircraft ,1991 The Cumulative Book Index ,1977 A world list of books in the English language **Air Force Magazine** ,1984 **Development and Employment of Fixed-wing Gunships, 1962-1972** Jack S. Ballard,1982 **Colorado Warbird Survivors 2003** Harold A. Skaarup,2002-12 Many examples of aircraft that saw service in the various armed forces of the United States are currently being restored to flying status or preserved in museums in the state of Colorado Some of them have significant war records and a few are currently standing as gate guardians outside their former airbases These Warbirds are a permanent part of our modern history and they deserve to be remarked upon and remembered This handbook provides a simple checklist of where the surviving military aircraft in Colorado are located now along with a few photographs and a brief history of their service in the US military This book should spark your interest in some of the military aviation history that can be found in the air museums and airports of this front range state Colorado Warbird Survivors is specifically intended to provide a where are they guide for residents and visitors to Colorado who are interested in its rich resources of historical military aircraft Contact numbers are provided for the museums should you be interested in learning more about each aircraft Perhaps you will then choose to visit these museums in order to appreciate the rich resources of aviation heritage preserved on your behalf *China's Military Modernization* Richard D. Fisher, Jr.,2008-09-30 China s rise to global economic and strategic eminence with the potential for achieving pre eminence in the greater Asian region is one of the defining characteristics of the post Cold War period This

work offers a basic understanding of the military strategic basis and trajectory of a rising China provides background and outlines current and future issues concerning China's rise in strategic military influence The next decade may witness China's assertion of military or strategic pressure on Japan the Korean Peninsula India the South China Sea the Taiwan Strait Central Asia or even on behalf of future allies in Africa and Latin America While conflict is not a foregone conclusion as indicated by China's increasing participation in many benign international organizations it is a fact that China's leadership will pursue its interests as it sees them which may not always coincide with those of the United States its friends and allies Until now no single volume has existed that provides an authoritative comprehensive and concise description of China's evolving geo strategy or of how China is transforming its military to carry out this strategy Fisher examines how China's People's Liberation Army PLA remains critical to the existence of the Chinese Communist government and looks at China's political and military actions designed to protect its expanded strategic interests in both the Asia Pacific and Central to Near Asian regions Using open sources including over a decade of unique interview sources Fisher documents China's efforts to build a larger nuclear force that may soon be protected by missile defenses modern high technology systems for space air and naval forces and how China is now beginning to assemble naval air and ground forces for future power projection missions His work also examines how the United States and other governments simultaneously seek greater engagement with China on strategic concerns while hedging against its rising power Although China faces both internal and external constraints on its rise to global eminence it cannot be denied that China's government is pursuing a far reaching strategic agenda
