Not indexed Not illustrated 1823 edition Excerpt THE 1 SELECT WORKS OF PORPHYRY ON ABSTINENCE FROM ANIMAL FOOD BOOK THE FIRST 1 Hearing from some of our acquaintance 0 Firmus that you having rejected a fleshless diet have again returned to animal food at first I did not credit the report when I considered your temperance and the reverence which you have been taught to pay to those ancient and pious men from whom we have received the precepts of philosophy But when others who came after these confirmed this report it appeared to me that it would be too rustic and remote from the rational method of persuasion to reprehend you who neither according to the proverb flying from evil have found something better nor according to Empedocles having lamented your former life have converted yourself to one that is more excellent I have therefore thought it worthy of the friendship which subsists between us and also adapted to those who have arranged their life con 1 Porphyry elsewhere calls this Firmus Castricius his friend and fellow disciple See more concerning him in Porphyry s Life of Plotinus B formably to truth to disclose your errors through a confutation derived from an argumentative discussion 2 For when I considered with myself what could be the cause of this alteration in your diet I could by no means suppose that it was for the sake of health and strength as the vulgar and idiots would say since on the contrary you yourself when you were with us confessed that a fleshless diet contributed both to health and to the proper endurance of philosophic labours and experience testifies that in saying this you spoke the truth It appears therefore that you have returned to your former illegitimate conduct either through deception 0 because you think it *Catalogue of the Extensive and Valuable Library of Manuscripts & Printed Books of His Excellency M. John Gennadius ... Sold ... the 28th of March, 1895, and Ten Days Following ... Sotheby & Co. (London, England), 1895 The Notebooks of Samuel Taylor Coleridge Merton Christensen, Kathleen Coburn, 2003-09-02 During his adult life until his death in 1834 Coleridge made entries in more than sixty notebooks Neither commonplace books nor diaries but something of both they contain notes on literary theological philosophical scientific social and psychological matters plans for and fragments of works and many other items of great interest This fourth double volume of the Notebooks covers the years 1819 to 1826 The range of Coleridge s reading his endless questioning and his recondite sources continue to fascinate the reader Included here are drafts and full versions of the later poems Many passages reflect the theological interests that led to Coleridge s writing of Aids to Reflection later to become an important source for the transcendentalists Another development in this volume is the startling expansion of Coleridge s interest in the theory of life and in chemistry the laboratory chemistry of the Royal Institute and the theoretical chemistry of German transcendentalists such as Oken Steffens and Oersted Approaching Apollonius Floyd O. Parker, 2025-08-05 Apollonius of Tyana resembles Jesus Christ more than does any other person in antiquity at least if what his biographer Philostratus claims is true According to their respective biographers in the Life of Apollonius of Tyana and in the canonical Gospels both ancient figures were renowned holy men miracle workers exorcists and itinerant teachers who lived in the first century AD Nevertheless many Bible professors and students have never heard of Apollonius Others who*

have heard of Apollonius often uncritically accept the testimony of Philostratus Some New Testament scholars who write about Apollonius are unaware of the numerous historical problems that plague Philostratus's book and of the other early sources that portray Apollonius as a sorcerer or charlatan This book serves as a guide for students professors or curious laypersons who are approaching the study of Apollonius for the first time This work explores ten key issues that will help the reader make an informed decision about Apollonius The book examines the ancient sources available for the study of Apollonius the historical accuracy of Philostratus's biography and the agendas of Philostratus and his royal patroness Julia Domna and provides a fulsome bibliography for those who wish to pursue these topics on their own

The Medieval World of Nature Joyce E. Salisbury, 2019-06-26 Originally published in 1993 *The Medieval World of Nature* looks at how the natural world was viewed by medieval society The book presents the argument that the pragmatic medieval view of the natural world of animals and plants existed simply to serve medieval society It discusses the medieval concept of animals as food labour and sport and addresses how the biblical charge of assuming dominion over animals and plants was rooted in the medieval sensibility of control The book also looks at the idea of plants and animals as not only pragmatic but as allegories within the medieval world utilizing animals to draw morality tales which were viewed with as much importance as scientific information This book provides a unique and interesting look at the everyday medieval world
