Montagu's Page An Historical Romance Look inside the book There are a great many explanations and comments in illustration of the times which I should like to give for the benefit of that part of my readers who have put on the right of knowing all things at the same time that the third change was made in their dress and I would have done so in notes but unfortunately I do not write Greek and a little incident prevented me from writing those notes in Latin I therefore most reverently beseech the moral mosquitos who are accustomed to whistle and sing about my lowly path to forbear as much as possible and although their critical virulence may be aroused to the highest pitch by seeing a man walk quietly on for thirty years along the only firm path he can find amongst the bogs and quagmires of literature to spare at least those parts which are left naked by his tailor and his shoemaker to remember in other words that besides the faults and errors for which I am myself clearly responsible there is some allowance to be made for the faults of my amanuensis and for the errors of my printer Tom the sailor though a reckless ill conditioned fellow was obedient to the voice of his commander and after having boused the boom a little to the one side or the other of the vessel which side I neither know nor care he returned to the bow muttering a few objurgations of the youth implying that if it had not been for him they would never have come upon that d d voyage at all and that probably they all would go to the bottom for having such a Jonah on board About G P R George Payne Rainsford James the Author George Payne Rainsford James August 9 1799 June 9 1860 was an English novelist and historical writer the son of a physician in London After reading Richilieu which had been given to him by a friend and after receiving a letter from James Walter Scott advised him to take up literature as a profession
