Simkin,1996 This work is the only comprehensive guide to sequels in English with over 84 000 works by 12 500 authors in 17 000 sequences **The Letters of Dorothy L. Sayers, Volume II** Dorothy L. Sayers,2024-03-26 This second volume of Dorothy L Sayers covers the seven years in which the greatest detective novelist of

the golden age and the creator of Lord Peter Wimsey turns away from mystery writing to become a playwright and in turn a controversial figure. Accused on the one hand of blasphemy, acclaimed on the other as one of the most influential lay theologians of her time, she found herself drawn into a vast network of correspondence dealing with a wide range of social concerns. These after all are the years of World War II of air raids, threats of invasion, rationing, lack of domestic help, congested travel and blackouts. But there was no blackout in the creativity of Dorothy L. Sayers; in fact this is the peak period of her creative endeavors: seventeen plays, several books, innumerable articles and talks, and hundreds of letters. The letters reveal the context of her published words and send the reader back to them with new understanding. But the issues they raise are not merely those of her time; many are startlingly topical even today. The letters take us behind the scenes of her thinking, activity, and personal life. Here is an unknown Dorothy L. Sayers whose influence on her contemporaries and beyond has yet to be measured. But at the same time here is the Sayers whom we have always known and loved: witty, engaging, creative, passionate, committed. Barbara Reynolds, Dorothy L. Sayers's acclaimed biographer, has selected and annotated these letters from the hundreds that Sayers wrote during one of the most fascinating times of her life. Protestant Spiritual Traditions, Volume Two Frank C. Senn, 2020-07-24. There is no single Protestant spirituality but rather Protestant spiritual traditions usually embedded in denominational families that share some basic Protestant principles. These two volumes of Protestant Spiritual Traditions offer essays on twelve traditions written by scholars within those traditions plus a concluding essay that gathers a number of Protestant contributions to Christian spirituality and Western culture under the category of the body. These thirteen essays discuss the contributions of significant spiritual figures from Martin Luther to Martin Luther King Jr. and offer insights on a range of topics from the theology of the cross to physical fitness. **What Do I Read Next? Volume 2** 2003 Gale Group, Neil Barron, 2004. This volume contains descriptions of 1,245 books in nine fiction genres including author or editor's name, publication information, story type, major characters, setting, plot summary, and more. **The Literary Digest International Book Review** Clifford Smyth, 1923 The Video Librarian, 2002.
