Los Lógicos:

Los Lógicos Jesús Mosterín, 2012-03-28 A través de las vidas fascinantes y extremas de seis pensadores geniales Turing Frege Cantor Russell Von Neumann y Gödel Jesús Mosterín nos introduce en un mundo tan desconocido para el gran público como fundamental para la vida Arrostrando dificultades sin cuento y muchas veces al borde mismo de la locura estos fundadores de la lógica matemática moderna se enfrentaron a problemas de una dificultad inaudita que superaron con un esfuerzo intelectual titánico y agotador

Historia de la lógica Julián Velarde Lombraña, 1989 Consideramos de utilidad el análisis de la expresión Historia de la Lógica apelando a la teoría semántica de Frege según la cual toda expresión lingüística dotada de sentido puede ser concebida como descompuesta en dos partes una de las cuales está completa en sí misma el argumento mientras que la otra precisa de complemento es no saturada la función A la Historia de la Lógica compete determinar la constitución desaparición de categorías e ideas que en un proceso de desarrollo e influencia mutua han configurado la lógica y la symplectique entre esas categorías e ideas constituyen su cuerpo Para recomponerlo hemos procurado actuar según aconseja Platón como un dialéctico cortar por las juntas naturales El resultado ahí está

The Whole Island Mark Weiss, 2009-11-25 Cuba's cultural influence throughout the Western Hemisphere and especially in the United States has been disproportionately large for so small a country This landmark volume is the first comprehensive overview of poetry written over the past sixty years Presented in a beautiful Spanish English edition The Whole Island makes available the astonishing achievement of a wide range of Cuban poets including such well known figures as Nicolás Guillén José Lezama Lima and Nancy Morejón but also poets widely read in Spanish who remain almost unknown to the English speaking world among them Fina García Marruz José Kozer Raúl Hernández Novés and Angel Escobar and poets born since the Revolution like Rogelio Saunders Omar Pérez Alessandra Molina and Javier Marín The translations almost all of them new convey the intensity and beauty of the accompanying Spanish originals With their work deeply rooted in Cuban culture many of these poets both on and off the island have been at the center of the political and social changes of this tempestuous period The poems offered here constitute an essential source for understanding the literature and culture of Cuba its diaspora and the Caribbean at large and provide an unparalleled perspective on what it means to be Cuban

Teoría del conocimiento Josep Lluís Blasco & Tobias Grimaltos, 2015-05-16 Aproximación sistemática y actualizada a los problemas filosóficos que plantea el conocimiento humano dividida en cinco grandes apartados método definición y posibilidades de conocimiento justificación base empírica del conocimiento y relación entre semántica y epistemología El libro de J L Blasco y T Grimaltos aporta una exposición clara y rigurosa de la epistemología contemporánea

The Village Soothsayer Jean-Jacques Rousseau, 2024-05-09 Performed before Louis XV at Fontainebleau this one act opera pits a faithful shepherdess against rumor and jealousy with the village soothsayer restoring harmony The music is tuneful the plot gentle and the language plain winning cheers from courtiers and commoners alike Royal favor brings Rousseau public fame and ironically suspicion from

radical friends who see him courting the throne Here Rousseau tests whether art can nourish virtue if it speaks the tongue of ordinary folk Voltaire s tragedies aim to teach enlightened monarchy Diderot s Paradox of Acting searches for dramatic truth through craft Rousseau instead bets on instinct hoping sincerity alone can bridge stage and spectator Hobbes would doubt any drama that rouses passions yet Rousseau believes simple emotion binds community so long as ambition stays outside the door This work proved to be a considerable success securing for him a measure of financial stability and public recognition within the Parisian artistic scene Its popular reception underscored Rousseau s versatility extending his influence beyond philosophical discourse into the realm of musical composition The opera s contribution to the evolution of French comic opera is notable injecting a distinctive comique element that resonated with audiences This artistic achievement contrasting with the more polemical nature of some of his other works demonstrates Rousseau s capacity for engaging with popular taste while subtly shaping the trajectory of a genre The success of *Le Devin du Village* stands as a testament to his practical musical talents even as his theoretical pronouncements on music often ignited fierce controversy This modern critical reader s translation from the original French manuscripts includes supplementary materials that bring Rousseau s world and impact to life This professional translation delivers scholarly depth with amplifying materials This Reader s Edition includes an illuminating afterword tracing Rousseau s intellectual relationship with Diderot Voltaire and his reception by Nietzsche revealing the fascinating dialogue between the period s most influential minds A comprehensive timeline connects the major events of Rousseau s life with world events an glossary of Enlightenment terminology frames Rousseau s debates in the intellectual milieu of his day and a detailed index provides an authoritative guide to his complete writings

Method and Order in Renaissance Philosophy of Nature Daniel A. Di Liscia,Eckhard Kessler,2016-12-05 The volume results from a seminar sponsored by the Foundation for Intellectual History at the Herzog August Bibliothek Wolfenbittel in 1992 Starting with the theory of regressus as displayed in its most developed form by

William Wallace these papers enter the vast field of the Renaissance discussion on method as such in its historical and systematical context This is confined neither to the notion of method in the strict sense nor to the Renaissance in its exact historical limits nor yet to the Aristotelian tradition as a well defined philosophical school but requires a new scholarly approach Thus besides Galileo Zabarella and their circles which are regarded as being crucial for the emergence of modern science in the end of the 16th century the contributors deal with the ancient and medieval origins as well as with the early modern continuity of the Renaissance concepts of method and with non regressive methodologies in the various approaches of Renaissance natural philosophy including the Lutheran and Calvinist traditions *Literatura Hispanoamericana* David W. aparecen en mundos determinados. ¿Qué es el cuerpo visible u objetivo de una verdad? Eso no se deja deducir de la ontología. Hay que construir una lógica del aparecer, una fenomenología. Tal es la mira del presente libro, una Gran Lógica que al dar razón del orden de los mundos autorice el pensamiento de las verdades como excepciones a ese orden. El materialismo contemporáneo sostiene que no hay más que cuerpos y lenguajes. La dialéctica materialista argumentada aquí hasta en sus mínimos detalles afirma por su parte: no hay más que cuerpos y lenguajes, sino que hay verdades. Solo bajo el efecto de este, sino que es todavía posible una vida que no sea indigna. Una vida en la que el individuo democrático se incorpore a esa superación de su propia existencia que llamamos un Sujeto.

The Answer / La Respuesta (Expanded Edition) Sor Juana Inés de la Cruz, 2009-06-01

Defiant writing by the first feminist of the Americas, the Mexican nun Sor Juana Inés de la Cruz, in response to the church officials that tried to silence her. Known as the first feminist of the Americas, the Mexican nun Sor Juana Inés de la Cruz enjoyed an international reputation as one of the great lyric poets and dramatists of her time. The Answer, La Respuesta, 1691, is Sor Juana's impassioned response to years of attempts by church officials to silence her. While earlier translators have ignored Sor Juana's keen awareness of gender, this volume brings out her own emphasis and diction and reveals the remarkable scholarship, subversiveness, and even humor she drew on in defense of her cause. This expanded bilingual edition combines new research and perspectives on an inspired writer and thinker. It includes the fully annotated primary text responding to the church officials, the letter that ultimately provoked the writing of The Answer, an expanded selection of poems, an updated bibliography, and a new preface.
