Innovations in Cancer and Palliative Care Education Lorna Foyle, Janis Hostad, 2017-10-03 This work includes Foreword by Nigel Sykes Medical Director St Christopher's Hospice London This practical evidence based guide has been specifically designed for teachers in cancer and palliative care It is completely up to date and covers the recent complex changes in cancer and palliative care delivery offering a range of different creative approaches Ideal for training the text includes highlighted key points self help questions for reflection and references where applicable It provides invaluable guidance for all healthcare professionals with palliative care teaching responsibilities including undergraduate and postgraduate healthcare educators and Macmillan lecturers This book gives us a three dimensional view of how to respond to the demands on cancer and palliative care education today set particularly in a British context but of course capable of extrapolation to other settings These three dimensions of innovation can be summarised as What do you teach How do you teach it To whom do you teach it Innovation in all three aspects simultaneously may be difficult to achieve but all who have a responsibility for education are faced with the challenges of making their teaching more effective and demonstrating that they have done so keeping abreast of advancing knowledge and clinical practice and of reaching out to groups of learners who hitherto have been neglected Of significant help to anyone in this field whose concern is the delivery of effective and appropriate education Nigel Sykes in the Foreword

Teamwork in Palliative Care Peter Speck, 2006-09-14 Teamwork is a complex but essential component of palliative care The needs of people diagnosed with life threatening disease will vary greatly over time and it is rarely possible for just one professional to be able to provide adequate care In order to ensure an holistic approach the whole multi disciplinary team must be involved Inevitable questions arise from such an approach and this book seeks to address these How does a team come into being What different formats are there How might the patient contribute to the effectiveness of their care and the way in which the team operates What are the difficulties and frustrations

encountered in developing and maintaining such teams What models of working and styles of leadership have developed How are power and authority handled within the team setting The importance of team building training support attention to group process and stress management to protect the mental health of the team are explored The ethical issues inherent in palliative care such as consent autonomy confidentiality decision making within teams and the legal implications of such are also discussed The book concludes with one important question do we know if teams are the most effective way of providing care This book addresses key issues surrounding the role of the team in palliative care and is an essential guide to reappraising the importance of collaborative teamwork and enhancing understanding of existing team structures *Palliative Medicine E-Book* T. enjoyed reading very much and which I found both theoretically sound and practically helpful Bereavement Care Cruse Counselling for Grief and Bereavement Second Edition is a bestselling introductory guide for professionals who work with people experiencing bereavement through death and other forms of loss Focusing on practical assessment and intervention strategies Geraldine Humphrey and David Zimpfer guide readers through the essential theory and skills needed to work with clients in a way which sensitively facilitates the process of grief initiates healing and promotes a sense of growth Setting out the broad principles for practice the authors go on to show how these can be applied in working with individuals families and groups and in relation to specific issues including chronic and life threatening illnesses palliative care and complicated grief Carefully chosen case examples illustrate the counselling process while specific attention is paid throughout to ethical considerations and the possible need for referral This fully revised and updated Second Edition features a new chapter on working with children and adolescents both from the perspective of young people who are grieving losses and those who are receiving palliative care as patients While focusing on the practical the book provides a firm theoretical base by explaining key concepts such as attachment grief and resilience Geraldine M Humphrey is Counsellor in the Department of Psychology at the North Canton Medical Foundation specializing in death illnesses and non death and grief David G Zimpfer is former Director of the Cancer Center of Ohio

Grief and Bereavement in the Adult Palliative Care Setting E. Alessandra Strada, 2013-04-09 For patients and family caregivers the journey through illness and transitions of care is characterized by a series of progressive physical and emotional losses Grief reactions represent the natural response to those losses Grief is defined by a constellation of physical cognitive emotional and spiritual manifestations varying in length and severity While grief reactions are common and expected responses to loss they have the potential to cause significant suffering And while grief is not a disease it can develop into a pathological process warranting specialized treatment Additionally some aspects of grief overlap with the symptoms of clinical depression and anxiety making diagnosis difficult Grief and Bereavement in the Adult Palliative Care Setting provides practical evidence based and clinically effective approaches to understanding the multifaceted nature of grief and bereavement in patients with advanced illness and their caregivers This handbook is an ideal tool for palliative care providers of various disciplines who provide direct clinical services to patients and family members It assists clinicians in recognizing and identifying grief reactions as unique expressions of patients and caregivers history and psychological functioning Primary care physicians who provide care to patients and families will also find this practical assessment and treatment guide helpful They will learn how to best support bereaved patients and caregivers when grief is uncomplicated and when to choose more active interventions that may include appropriate referrals to mental health professionals

Death and Dying John F. Szabo, 2009-11-02 While it can be traced to the 1700s the term thanatology has gained traction in recent decades to refer to the study of death Because of the breadth of the published material and the challenges of discovery in large bibliographic databases and catalogs finding and identifying monographic material on death

dying grief and bereavement can be extremely challenging Although there have been several bibliographical resources published on thanatology those titles were incomplete limited in scope or leaned heavily toward one area of the field In *Death and Dying An Annotated Bibliography of the Thanatological Literature* John F Szabo provides more than 2 200 citations of monographs on the science and study of death and dying Among the areas this volume addresses are the psychological philosophical and attitudinal aspects coping and dealing with the burdens of caregiving and working in the helping professions instructional and educational topics for practitioners primarily health care providers cultural differences in bereavement rituals and grief mourning and loss In addition notable titles on or relating to death and dying in popular culture death themes in literature methods of death or specific ethical policy or public issues are also included when they contribute important information to subject areas on which the book focuses This book will be helpful to students researchers academics caregivers health care professionals psychologists social workers and anyone with an interest in death dying bereavement or the care of the terminally ill

Palliative Care, Social Work, and Service Users Peter Beresford, Lesley Adshead, Suzy Croft, 2007 This unique book provides a rare look at social work and palliative care from the perspective of service users Drawing on new original research the authors examine service users experiences tracking their journeys through it exploring the care they receive and the effects of culture and difference through their first hand comments and ideas

Oxford Textbook of Palliative Medicine Geoffrey W. C. Hanks, 2011-07-21 Emphasising the multi disciplinary nature of palliative care the fourth edition of this text also looks at the individual professional roles that contribute to the best quality palliative care

The Oxford Textbook of Palliative Social Work Terry Altilio, Shirley Otis-Green, John G. Cagle, 2022 It is so important to advocate for things that may not always seem possible Getting to work with patients families at the end of their life is the ultimate honor Lauren G Markham MSW LCSW APHSW C In this work one witnesses both depths of human suffering and heights of human transcendence that can inspire both awe and fear At those times I have found that surrendering my need to be an expert and instead allow myself to simply be a human is the wisest action Kerry Irish LCSW OSW C FAOSW

Critical Issues in Social Work With Older People

Mo G. Ray, Miriam Bernard, Judith Phillips, 2018-06-26 This timely text highlights the importance of informed and critical practice in social work with older people With an emphasis on reflection throughout it argues for the need to rethink how social workers support some of the most vulnerable people in society The text begins with an exploration of the relationship between gerontology the study of aging and social work and demonstrates that a gerontological approach has long been missing from social work practice The central chapters consider key issues affecting older people and social work practice such as Risk of poverty Memory loss and dementia Palliative and end of life care Loss and bereavement Moving into a care home Bringing together theoretical and research insights this agenda setting text provides a sound base for creative practice with older people All those looking to make a positive and discernible difference to older people will find this text rewarding reading

Contemporary Social Work Practice: A Handbook For Students Teater, Barbra, 2014-04-01 An introduction to the diverse settings of social work detailing the relevant policy context methods and approaches

Working with Bereaved Children and Young People Brenda Mallon, 2010-11-15 Working with Bereaved Children and Young People offers a fresh insight into working practices with children and young people who are experiencing the death of a family member friend school peer or in their social network Bridging the gap between theory and practice the book s practical skills focus is informed by the latest research findings on children and young people s experience of grief The wide ranging content includes a comprehensive review of theoretical approaches to bereavement the impact of different types of grief on children working with children who have been bereaved in traumatic circumstances such as through criminal behavior skills development The list of resources case studies and exercises encourage critical engagement with the counselling theory and promote reflexive practice Trainees in counselling psychotherapy and social work as well as teachers and mental health workers will find this an invaluable resource for working with this vulnerable client group

EBOOK: Death's Dominion: Ethics at the End of Life Simon Woods, 2006-12-16 I enjoyed reading this book very much It is very readable and well argued using real life cases and thought experiments as well The book provides the reader with a short history of and an overview of the most important issues in modern palliative care Various theoretical discussions are clearly set out such as the relationship between the hospice movement and modern palliative care between palliative care and health care in general between palliative sedation and euthanasia and the question whether euthanasia can be part of palliative care The author starts with exploring the existing debates and then develops his own arguments in a balanced and well structured way Medicine Health Care and Philosophy The text of this book is accessible the philosophical and ethical arguments are clearly articulated and relevant ethical principles are integrated into the critique of the issues making this a very useful book for nurses working in palliative as well as in general care Nursing Ethics It is crucially important for any student or researcher who is seriously considering ethical and policy matters at the end of life to embrace and tackle intellectually the issues that Woods raises in this book I would happily recommend it Journal of Medical Ethics What constitutes a good death Is it possible

to arrange a good death Is killing compatible with caring This book looks at death and the issues and ethical dilemmas faced at the end of life It addresses the central issues in the field such as Withholding and withdrawing treatment Euthanasia and assisted suicide Terminal sedation The role of autonomy Palliative care Drawing on a philosophical framework the author explores end of life issues in order to reflect on the nature of the good death and how this may be achieved The book considers whether it is permissible or desirable to influence the quality of dying offering palliative sedation as a possible alternative to terminal sedation the argument is extended to examine why some forms of assisted dying can be shown to be compatible with the ideas of palliative care Consideration is also given to future developments such as life extension techniques and the ethical questions that that these techniques might raise As such the book follows in the ongoing philosophical tradition to critique and analyse current thought on the topic of death encouraging self reflection in the reader and offering suggestions for practice in end of life care Death s Dominion is key reading for students and professionals involved in care of the dying as well as those with an interest in the philosophical issues surrounding end of life care

Death'S Dominion: Ethics At The End Of Life Woods, Simon,2006-12-01 Drawing on a philosophical framework the author explores end of life issues in order to reflect on the nature of the good death and how this may be achieved The book considers whether it is permissible or desirable to influence the quality of dying of
