Lotusland David Joiner, 2025-02-26 In its revised ten year anniversary edition Lotusland remains one of the only works of fiction by a US author to bridge the literary gap between the Vietnam War and contemporary Vietnam Nathan Monroe is a 28 year old American living in Saigon who falls in love with a talented and ambitious Vietnamese painter When he faces crises of love and his own ambitions his safety net appears in the form of Anthony an old domineering friend in Hanoi who runs a successful real estate firm Only much later does Nathan discover that Anthony has plans for him which clash with his desire to integrate into Vietnamese life Little do they know what lies in store for them after Anthony recklessly takes both of their futures into his own hands With lyrical prose and an eye on the social dynamics of a culture undergoing great change Lotusland dramatizes the power imbalances between Westerners living abroad and between Westerners and Vietnamese in love and friendship in the consequences of war and in the pursuit of dreams This edition features a brand new cover foreword two author interviews and an essay by the author on writing about Vietnam [Lotusland](#) WR

David R. Hawkins, MD/PHD, 2025-04-29 Best selling author and spiritual pioneer Dr David R Hawkins offers insights into the illusory nature of existence and how to realize a state of higher consciousness In this new book derived from Dr David Hawkins's popular Way to God lecture series he explores perception and illusion how the truth becomes distorted and ultimately the root of consciousness In Part One Dr Hawkins explains how the ego functions in society and that the world out there is a projection of what is within us He confirms that everything is happening on its own and everything is perfect right now He also discusses quantum mechanics and how what you hold in mind tends to manifest In addition he talks about why people don't change even after hearing spiritual truths and how to alleviate this problem In Part Two Dr Hawkins discusses the time honored tradition of meditation which he informs us is our natural state Instead of covering the numerous styles of meditation he delves into the essence of the meditation process itself He talks about how we can obtain the benefits of

meditation without going through formal renunciation Dr Hawkins explains two valuable ways of meditating which he experienced himself He also tells us of the various ways to transcend the mind to become aware of the presence of God

own interests for the well being of others apply to the charitable behaviors encouraged by all world religions In *Altruism in World Religions* prominent scholars from an array of religious perspectives probe the definition of altruism to determine whether it is a category that serves to advance the study of religion Exploring a range of philosophical and religious thought from Greco Roman *philia* to Judaism Christianity and Islam from Hinduism in India to Buddhism and the religions of China and Japan the authors find that altruism becomes problematic when applied to religious studies because it is in fact a concept absent from religion Chapters on Judaism Christianity and Islam reveal that followers of these religions cannot genuinely perform self sacrificing acts because God has promised to reward every good deed Moreover the separation between the self and the other that self sacrifice necessarily implies runs counter to Buddhist thought which makes no such distinction By challenging our assumptions about the act of self sacrifice as it relates to religious teachings the authors have shown altruism to be more of a secular than religious notion At the same time their findings highlight how charitable acts operate with the values and structures of the religions studied
