Fantastic Reality Mignon Nixon, Louise Bourgeois, 2005 A critical study of Louise Bourgeois's art from the 1940s to the 1980s its departure from surrealism and its dialogue with psychoanalysis *Louise Bourgeois' Spider* Mieke Bal, 2001-06-29 The sculptor Louise Bourgeois is best known for her monumental abstract sculptures one of the most striking of which is the installation *Spider* 1997 Too vast in scale to be viewed all at once this elusive structure resists simple narration It fits both no genre and all of them architecture sculpture installation Its contents and associations evoke social issues without being reducible to any one of them Here literary critic and theorist Mieke Bal presents the work as a theoretical object one that can teach us how to think speak and write about art Known for her commentary on the issue of temporality in art Bal argues that art must be understood in relationship to the present time of viewing as opposed to the less immediate contexts of what has preceded the viewing such as the historical past of influences and art movements biography and interpretation In ten short chapters or takes Bal demonstrates that the closer the engagement with the work of art the more adequate the result of the analysis She also confronts issues of biography and autobiography key themes in Bourgeois's work and evaluates the consequences of ahistorical experiences for art criticism drawing on diverse sources such as Bernini and Benjamin Homer and Eisenstein This short beautiful book offers both a theoretical model for analyzing art out of context and a meditation on a key work by one of the most engaging artists of our era **Louise Bourgeois: Paintings** Clare Davies, Briony Fer, 2022-04-12 Louise Bourgeois 1911 2010 is celebrated today for her sculptures Less known are the paintings she produced between her arrival in New York in 1938 and her turn to three dimensional media in 1949 Crucial to her artistic practice these early works the focus of this groundbreaking publication show how Bourgeois evolved her deeply personal artistic lexicon and how the themes and motifs she explored in her paintings coalesced into symbols of her sculptural practice Informed by new archival research and the artist's extensive diaries *Louise Bourgeois Paintings* explores Bourgeois's relationship to the New York art world of the 1940s and her development of a unique pictorial language adding a key element to our understanding of this crucial artist's career *Designing for Free Fall* Christiane Meyer-Thoss, Louise Bourgeois, 1992

Knife-Woman Marie-Laure Bernadac, 2025-10-14 The first major biography on artist Louise Bourgeois brings the life and work of an iconic twentieth century artist into sharp focus Louise Bourgeois 1911 2010 was one of the most important artists of the twentieth century She is known for a body of work that spans sculpture painting and printmaking but eludes any aesthetic classification Her life and art were so intertwined that it is often difficult to tell them apart In her own words Sculpture is the body My body is the sculpture Marie Laure Bernadac's biography of Bourgeois traces the career of a great artist her training and her influences as it tells the story of an exceptional woman's life Featuring personal photographs as well as reproductions of her work this landmark publication is the first major biography to draw on the artist's unpublished personal archives including diaries correspondence and psychoanalytic writings as well as the many interviews she gave and

the reminiscences of those who knew her Bernadac elucidates Bourgeois's friendships and rivalries with other major figures including sculptor Louise Nevelson and Museum of Modern Art director Alfred H Barr Jr She also draws on Bourgeois's well known fascination with psychoanalysis to explore the deeply autobiographical nature of her artwork This erudite and keenly insightful biography pays tribute to the talent of the artist and the complexity of the person Material Meanings Matthew S. artísticas de la arquitectura El título del libro Doble exposición en inglés Double Exposure se utiliza aquí en el sentido fotográfico de dos imágenes superpuestas o mejor dos fotografías en un mismo negativo una misma emulsión suspendidas en un mismo medio Arquitectónicamente puede pensarse en el cristal de un gran ventanal panorámico que de noche refleja el interior de la casa y lo superpone a una vista del exterior Este sentido de dislocación en el espectador el habitante de la casa o el que mira a una fotografía de doble exposición o quizá incluso el que mira a cualquier obra de arte refleja también el de la autora Doble exposición significa textos sobre arte escritos desde la arquitectura O como indica el subtítulo sobre la arquitectura a través del arte Porque en el fondo lo que estos textos acaban buscando no es tanto el arte como la arquitectura en el arte Aprender arquitectura escribiendo sobre arte entonces Mirando desde nuestra casa la disciplina de la arquitectura hacia afuera hacia el arte vemos el interior reflejado en el cristal como si fuera por primera vez Bibliographic Guide to Art and Architecture New York Public Library.
