Every journey starts with a first step a second step and sometimes followed by a lot of prep Hopefully this leads to a third step and many future accomplishments Our lives have many cycles right wrong or indifferent these poems categorize them into hills ravines ditches and mountains Your first mountain starts at conception and generally takes a breaking point after high school or some form of higher education or armed services Your second mountain typically lasts the longest It consists of those working years and can span until your retirement Marriage house hunting and children sometimes get entwined into those productive years Somewhere around 50 years old sometimes later one starts to navigate up the third mountain Your most productive years are behind you and you ponder how do I make a difference when the dash is over on this sphere

The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is an exceptional and thrilling novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
