Myth History Faith:

Myth, History, and Faith Morton T. Kelsey, 1991-08-01 **Religion as History, Religion as Myth** David L. Snellgrove, 2006 A scholar's critical examination and comparison of the teachings of some of the world's major religions primarily Christianity and Buddhism to a lesser extent Islam and Judaism The author's thesis is that no religion can claim to be the only true religion without involving human society either in bitter conflict or in merciless persecution An eminent scholar's critical examination and comparison of the teachings of some of the world's major religions primarily Christianity and Buddhism to a lesser extent Islam and Judaism The author's main thesis is *Myth, History, and Faith* Morton T. Kelsey, 1974-01-01 *Myth, History, and Faith* Morton T. Kelsey, 1994-06-01 Life without myth is likely to be dead and sterile while religion without myth is a flat rational substitute for the real thing Morton Kelsey The Historical Christ and the Jesus of Faith C. Stephen Evans, 1996-04-18 The story of Jesus of Nazareth as recounted in the New Testament has always been understood by the church to be historically true It is an account of the life death and resurrection of a real person whose links with history are firmly signalled in the creeds of the early church which affirm that Jesus suffered under Pontius Pilate Contemporary historical scholarship has however called into question the reliability of the church's version of this story and thereby raised the question as to whether ordinary people can know its historical truth This book argues that the historicity of the story still matters and that its religious significance cannot be captured by the category of non historical myth The commonly drawn distinction between the Christ of faith and Jesus of history cannot be maintained The Christ who is the object of faith must be seen as historical the Jesus who is reconstructed by historical scholarship is always shaped by commitments of faith A reconsideration of the Enlightenment epistemologies that underlie much historical scholarship shows that historical knowledge of this story is still possible Such knowledge can be inferential based on historical evidence A careful look at contemporary New Testament studies and the philosophical and literary assumptions upon which it rests shows that this scholarship should not undermine the confidence of lay people who believe that they can know that the church's story about Jesus is true **Celtic Mythology: History of Celts, Religion, Archeological Finds, Legends & Myths** J. R. Hege, 2017-10-13 The Christian faith stands or falls with the confession that Jesus Christ is risen While that assertion itself is perhaps uncontroversial precisely what this confession means has been a subject of profound significance and immense controversy for centuries Central to this discussion is the role of myth and history in the biblical witness and in the church's theological engagement with the confession that Jesus Christ is risen This book traces key trajectories of German Protestant discussions of myth history and the resurrection from its earliest critical analysis in the work of Hermann Samuel Reimarus and David Friedrich Strauss to contemporary appraisals by Eberhard J ngel and Ingolf Ulrich Dalferth At the center of this discussion stands Rudolf Bultmann whose work on the resurrection sparked fierce debates that left a lasting impact on Protestant theology in Germany and beyond The questions raised by these theologians continue to resonate in contemporary discussions of the nature and status of biblical texts the integrity and truth of the Christian confession and the meaning and significance of the resurrection of Jesus Christ for Christian faith and life at the beginning of the twenty first century **When History and Faith Collide** Charles W. Hedrick, 2013-02-05 Hedrick explores the tension or collision that occurs when studying the Jesus of faith with the critical eye of historical scholarship He outlines the nature of historical inquiry gives a brief history of how scholars have understood Jesus and identifies the essential issues confronting the reader of the New Testament Gospel accounts of Jesus discrepancies contradictions and the differences as well as strong similarities among different writers **A Classical Dictionary of Hindu Mythology and Religion, Geography, History, and Literature** John Dowson, 1888 *True Myth* James W. Menzies, 2014-09-25 Each generation asks in its own way What does it mean to be human In *True Myth* James Menzies addresses this question by exploring myth and religion in the thinking of mythologist Joseph Campbell and Oxford don C S Lewis Joseph Campbell understood Christianity as comprised of mythical themes similar to those in other religious and secular myths Admitting that certain portions of the biblical record are historical he taught the theological and miraculous aspects as symbolic as stories in which the reader discovers what it means to be human today C S Lewis defined Christianity and being truly human as a relationship between the personal Creator and his creation mediated through faith in his son Jesus Christ In contrast to Campbell Lewis took the theological and miraculous literally Although Lewis understood how one could see symbolism and lessons for life in miraculous events he believed they were more than symbolic and indeed took place in human history Not only does Menzies consider the ways Campbell and Lewis utilize myth in answering the question for their generation but he also probes the influence and presence of myth in philosophy media ethics history literature art music and religion in a contemporary context thus helping readers consider answers for their own age *Myth*

and *Southern History: The Old South* Patrick Gerster, Nicholas Cords, 1989 Many historical myths are actually false yet psychologically true The contributors to this volume see myth and reality as complementary elements in the historical record Myth and Southern History is as much a commentary on southern historiography as it is on the viability of myth in the historical process Volume 2 The New South offers new perspectives on the North's role in southern mythology the so called Savage South twentieth century black and white southern women and the changes that distinguish the late twentieth century South from that of the Civil War era

The Word as True Myth Gary J. Dorrien, 1997-01-01 Gary Dorrien follows the threads of theology through the twentieth century examining how Christians have reconciled their myth filled religious beliefs within a world secularized by Enlightenment criticism and science To understand how religion keeps its place in Christians lives Dorrien writes we must explore how modern theologians have answered the question of myth in today's Christianity Dorrien's narrative walks readers through modern theology stopping with each of the major thinkers along the way to see how they dealt with the issue of modern Christian mythology Ultimately he offers his own new neo orthodoxy a theology of Word and Spirit that is pluralistic and affirms the mythical character of the gospel while holding fast to the Gospels myth negating condemnation of idolatry and their focus on history
