Nostalgia on the Right Nancy M. Theriot, 1990      Nostalgia and Sexual Difference (RLE Feminist Theory) Janice Doane, DEVON HODGES, 2013-05-20 Dissatisfaction with the present can cause people to gaze nostalgically back to an idealized past that nostalgia pervades contemporary rhetoric In lamenting the degeneracy of present day America social and literary critics as well as contemporary novelists often choose as their scapegoat the women s movement and its increasing influence Doane and Hodges show us how these social observers seek to reinstate America and American values in ways that overtly or covertly do battle with the feminist movement for control of rhetoric the power of language      **Nostalgia on the Right** Nancy M. Theriot, 1983      *American Alchemy* Brian Roberts, 2003-06-19 California during the gold rush was a place of disputed claims shoot outs gambling halls and prostitution a place populated by that rough and rebellious figure the forty niner in short a place that seems utterly unconnected to middle class culture In *American Alchemy* however Brian Roberts offers a surprising challenge to this assumption Roberts points to a long neglected truth of the gold rush many of the northeastern forty niners who ventured westward were in fact middle class in origin status and values Tracing the experiences and adventures both of these men and of the unseen forty niners women who stayed back East while their husbands went out West he shows that whatever else the gold seekers abandoned on the road to California they did not simply turn their backs on middle class culture Ultimately Roberts argues the story told here reveals an overlooked chapter in the history of the formation of the middle class While the acquisition of respectability reflects one stage in this history he says the gold rush constitutes a second stage a rebellion against standards of respectability      Vance Packard and American Social Criticism Daniel Horowitz, 2000-11-09 Vance Packard s bestselling books *Hidden Persuaders* 1957 *Status Seekers* 1959 and *Waste Makers* 1960 taught the generation that came of age in the late 1950s and early 1960s about the dangers posed by advertising social climbing and planned obsolescence Like Betty Friedan and William H Whyte Jr Packard 1914 was a journalist who played an important role in the nation s transition from the largely complacent 1950s to the tumultuous 1960s He was also one of the first social critics to benefit from and foster the newly energized social and political consciousness of this period Based in part on interviews with Packard Daniel Horowitz s intellectual biography focuses on the period during which Packard left magazine writing to author his most famous works of social criticism Horowitz traces the influence of Packard s education and early years in rural Pennsylvania providing a deeper understanding of his thought and his later books Packard s life Horowitz contends illuminates the dilemmas of a freelance social critic without inherited wealth or academic affiliation His career also expands our understanding of how one era shaped the next underscoring how the adversarial 1960s drew on the mass culture of the previous decade Originally published in 1994 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are

presented in affordable paperback formats bringing readers both historical and cultural value      **Waves of Rancor** Robert L. Hilliard, Michael C. Keith, 2016-07-01 The airwaves in America are being used by armed militias conspiracy theorists survivalists the religious right white supremacists neo Nazis and other radical groups to reach millions with their messages of hate and fear **Waves of Rancor** examines the origin nature and impact of right wing electronic media including radio television cable the internet and even music CDs      **Youth, Murder, Spectacle** Charles R Acland, 2018-02-12 In this book Charles R Acland examines the culture that has produced both our heightened state of awareness and the bedrock reality of youth violence in the United States Beginning with a critique of statistical evidence of youth violence Acland compares and juxtaposes a variety of popular cultural representations of what has come to be a perceived crisis of American youth After examining the dominant paradigms for scholarly research into youth deviance Acland explores the ideas circulating in the popular media about a sensational crime known as the preppy murder and the confession to that crime Arguing that the meaning of crime is never inherent in the event itself he evaluates other sites of representation including newspaper photographs with a comparison to the Central Park wilding daytime television talk shows Oprah Geraldo and Donahue and Hollywood youth films in particular *River's Edge* Through a cultural studies analysis of historical context Acland blurs the center of our preconceptions and exposes the complex social forces at work upon this issue in the late 1980s and early 1990s Acland asks of the social critic How do we know that we are measuring what we say we are measuring and how do we know what the numbers are saying Arguments must be made to interpret findings which suggests that conclusions are provisional and to various degrees sites of contestation He launches into this gratifying book to show that beyond the problematic category of actual crime the United States has seen the construction of a new spectacle of wasted youth that will have specific consequences for the daily lives of the next generation      The Television Studies Reader Robert Clyde Allen, Annette Hill, 2004 A discussion of a truly international range of television programs this title covers alternative modes of television such as digital and satellite      Liberalism Versus Conservatism François B. Gérard, 2000 Everyone eschews labels yet we all seem to possess them in the minds of legions of politicians marketers and even the ever peering government We are being targeted daily by flaming liberals left wing liberals right wing conservatives compassionate conservatives religious conservatives and liberals pinko liberals middle of the road liberals conservatives and liberals pinko liberals middle of the road liberals and conservatives and of course by neoconservatives and neoliberals The search is on for kindred souls the types who will open their wallets to support whatever it is the hucksters are peddling But what do these concepts mean and do their torchbearers grasp the underlying philosophies or do they care This bibliography lists over hundreds of entries under each category which are then indexed by title an author      Human Sexuality in Biocultural Perspective Frances E.
